- Extinguishing Media** : Use alcohol foam, dry chemical or carbon dioxide. Water may be ineffective but should be used to keep fire-exposed containers cool.
- Specific Hazards Arising from the Chemical** : May produce oxides of carbon under fire conditions.
- Special Fire Fight Proc** : Wear self-contained breathing apparatus and full protective clothing.

6. Accidental Release Measures

- Personal Precautions** : Keep unprotected and unnecessary personnel out of spill area.
- Protective Equipment** : Splashproof goggles or face shield, impervious gloves, impervious apron and footwear. Use NIOSH-approved respirator with organic vapor cartridge if vapor or mist is present. Eyewash and emergency shower should be available in work area.
- Emergency Procedures** : Contain spill to prevent spreading. Do not allow product to contaminate water supplies, lakes, streams, ponds, drains or sewers.
- Methods and Materials for Containment and Cleanup** : Dike and absorb spill with inert absorbent, such as clay, sand, or sawdust. Collect by sweeping or shoveling up absorbent, then place in suitable containers for proper disposal. Flush spill area with water. Absorb wash water, collect and place in same containers with collected product.

7. Handling and Storage

- Precautions for Safe Handling** : Keep locked up and out of reach of children. Do not contaminate water, food or feed by storage, handling or disposal. Keep container tightly closed. Do not allow water to be introduced into the contents of the container.
