Emergency Procedures

Personal Precautions: Keep unprotected and unnecessary personnel out of spill area.

Protective Equipment : Splashproof goggles or face shield, impervious gloves, impervious apron and

footwear. In event of spill, use NIOSH approved respirator with any N, R, P or HE filter. Eyewash and emergency shower should be available in work area. : Control the spill at its source. Contain spill to prevent spreading, contaminating

soil or entering waterways.

Clean up spills immediately. If a solid, sweep up material and place in a Methods and Materials for **Containment and Cleanup**

compatible container for disposal. Scrub area with hard water detergent (such as Tide or Joy). Recover wash waters with additional absorbent and place in

compatible containers for disposal.
