Hazardous Combustion Products: Oxides of carbon and nitrogen. Thermal decomposition may result in irritating and possibly toxic gasses.

NFPA Ratings: Health – 2 / Flammability – 1 / Reactivity – 0

6. ACCIDENTAL RELEASE MEASURES

Clean up spills immediately observing the precautions in Section 8 of this SDS. Control spill at the source and dike spill to prevent material from entering soil, sewers, waterways or low areas.

Small Spills: For spills less than one gallon on floor or other impervious surface, collect with suitable tools and discard in the trash. Clean the spill area with soap and water and rinse the area thoroughly.

Large Spills: Should be contained into a box and dispose of in accordance with the instructions provided under Disposal. Thoroughly scrub floor or surface contaminated with a strong industrial detergent and rinse with water.
