6. Accidental Release Measures

- Personal Precautions** : Keep unauthorized and unnecessary personnel out of spill area. Do not touch spilled material.
- Protective Equipment** : Splashproof goggles or face shield, impervious gloves, impervious apron and footwear. If exposure limits may be exceeded, wear a respirator with an organic-vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-23C), or a NIOSH approved respirator with any R, P or HE filter. Eyewash and emergency shower should be available in work area.
- Emergency Procedures** : Do not allow spilled material or wash waters to enter any lakes, streams, ponds, sewers or waterways.
- Methods and Materials for Containment and Cleanup** : Contain and absorb spilled material on an inert absorbent, such as sand or soil. Collect into drums; cover and label for disposal. Flush area with water if possible.

7. Handling and Storage

- Precautions for Safe Handling** : Do not contaminate water, food or feed by storage, handling or disposal.
- Conditions for Safe Storage** : Store in original container in a locked storage area inaccessible to children or pets. Keep from freezing.

8. Exposure Controls / Personal Protection

- TLV/PEL** : No TLV or PEL established.
- Appropriate Engineering Controls** : Good local ventilation is recommended; mechanical ventilation may be required if exposure limits may be exceeded.
- Personal Protective Equipment** : Splashproof goggles or face shield, impervious gloves, impervious apron and footwear. Wear a respirator with an organic-vapor removing cartridge with pesticide prefilter. Eyewash and emergency shower should be available in work area.
