# Safety Data Sheet

Preparation Date 04-Feb-2022 Revision date 04-Feb-2022 **Revision Number: 2** 1. Identification of the Substance/Preparation and of the Company/Undertaking Identification of the product Product Description Everest 3.0 AG Herbicide Other means of identification Internal SDS code 12A-0027CAN Registration number(s) PMRA 33258 Recommended use of the chemical and restrictions on use **Recommended use** Herbicide. Uses advised against Activities contrary to label recommendation Non labeled activities Details of the Supplier of the Safety Data Sheet Supplier Address UPL Agrosolutions Canada Inc. c/o UPL NA Inc 630 Freedom Business Center, Suite 402, King of Prussia, PA 19406 Emergency telephone number **Company Phone Number** 1-800-438-6071 Chemtrec: (800) 424-9300 (24hrs) or (703) 527-3887 **Emergency telephone number** Medical: Rocky Mountain Poison and Drug Safety (866) 673-6671 (24hrs)

# 2. Hazards Identification

#### Classification

#### **OSHA Regulatory Status**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

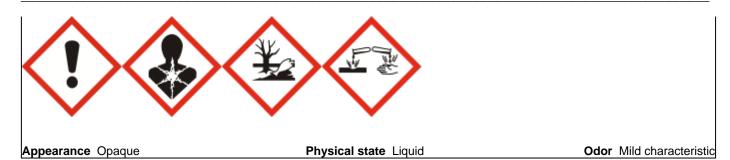

Serious eye damage/eye irritation	Category 1
Skin sensitization	Category 1
Carcinogenicity	Category 2

#### Label elements

#### **EMERGENCY OVERVIEW**

# DANGER

Hazard Statements May cause an allergic skin reaction Suspected of causing cancer Toxic to aquatic life with long lasting effects combustible liquid

#### **Precautionary Statements - Prevention**

Obtain special instructions before use Do not handle until all safety precautions have been read and understood Wear cold insulating gloves/face shield/eye protection Wash face, hands and any exposed skin thoroughly after handling Do not eat, drink or smoke when using this product Do not get in eyes, on skin, or on clothing Contaminated work clothing should not be allowed out of the workplace Wear protective gloves Do not spray on an open flame or other ignition source

#### Precautionary Statements - Response

IF exposed or concerned: Get medical advice/attention IF ON SKIN: Wash with plenty of soap and water If skin irritation or rash occurs: Get medical advice/attention Wash contaminated clothing before reuse IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell Rinse mouth In case of fire: Use CO2, dry chemical, or foam for extinction

#### **Precautionary Statements - Storage**

Store locked up Store in a well-ventilated place. Keep cool

#### **Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

#### Hazards Not Otherwise Classified (HNOC)

#### OTHER INFORMATION

· May be harmful in contact with skin

· Very toxic to aquatic life

• Very toxic to aquatic life with long lasting effects

# 3. Composition/information on Ingredients

Chemical name	CAS No	Weight-%
Flucarbazone sodium	181274-17-9	19.09
Heavy aromatic solvent naphtha	64742-94-5	1-3
n-Hexanol	111-27-3	0.5 - 1.5
Naphthalene	91-20-3	0.1-0.5

If CAS number is "proprietary", the specific chemical identity and percentage of composition has been withheld as a trade secret.

# 4. First aid measures

#### FIRST AID MEASURES

Eye contact

Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact

lenses, if present, after 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.				
Skin contact	Wash off immediately with soap and plenty of water for at least 15 minutes. Call a poison control center or doctor for treatment advice.			
Inhalation	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.			
Ingestion	Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person. Do not induce vomiting without medical advice.			
Most Important Symptoms and Effe	ects, Both Acute and Delayed			
Most Important Symptoms and None known. Effects				
Indication of Any Immediate Medical Attention and Special Treatment Needed				
Notes to physician Treat symptomatically.				
5. Fire-fighting measures				
<u>Suitable extinguishing media</u> Foam. Dry chemical. Carbon dioxide (CO2). Water spray. Dry sand.				
Unsuitable extinguishing media Do not scatter spilled material with high pressure water streams.				
<u>Specific hazards arising from the chemical</u> Thermal decomposition can lead to release of irritating gases and vapours.				
Explosion data <u>Protective equipment and precautions for firefighters</u> As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.				

# 6. Accidental release measures

# Personal precautions, protective equipment and emergency procedures

Personal Precautions	Do not eat, drink or smoke when using this product. Avoid contact with skin and eyes. Use personal protective equipment. Provide adequate ventilation. Wash thoroughly after handling.	
Environmental Precautions		
Environmental precautions	Consult a regulatory specialist to determine appropriate state or local reporting requirements, for assistance in waste characterization and/or hazardous waste disposal and other requirements listed in pertinent environmental permits. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas.	
Methods and material for containment and cleaning up		
Methods for Clean-Up Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Sweep up and shovel into suitable containers for disposal.		
7. Handling and Storage		

# Precautions for safe handling

#### Handling

Avoid contact with skin and eyes. Wear personal protective equipment. Remove and wash

contaminated clothing before re-use. Do not breathe vapours or spray mist. Provide adequate ventilation. Do not eat, drink or smoke when using this product. Keep out of reach of children. Wash thoroughly after handling.

# Conditions for safe storage, including any incompatibilities

Storage	Keep container tightly closed in a dry and well-ventilated place. Keep out of the reach of children. Store in an area where cross-contamination with pesticides, fertilizers, food or feed could not occur.
incompatible materials	Strong oxidizing agents. Strong acids. Strong bases.
	9 France and a final a / Developed Developed in a film

# 8. Exposure Controls/Personal Protection

#### Exposure guidelines

Chemical name	ACGIH TLV	OSHA PEL
Naphthalene	TWA: 10 ppm	TWA: 10 ppm
	S*	TWA: 50 mg/m <sup>3</sup>
		(vacated) TWA: 10 ppm
		(vacated) TWA: 50 mg/m <sup>3</sup>
		(vacated) STEL: 15 ppm
		(vacated) STEL: 75 mg/m <sup>3</sup>
Engineering controls	Investigate engineering tee	chniques to reduce exposures. Local mechanical exhaust
	ventilation is preferred. Co	onsult ACGIH ventilation manual or NFPA Standard 91 for design
	of exhaust systems.	
Personal protective equipment Eye/Face Protection Skin protection Respiratory protection	Where there is potential for eye contact have eye flushing equipment available. Safety glasses with side-shields. If splashes are likely to occur, wear:. Goggles. Face-shield. Chemical resistant footwear plus socks. Long sleeved clothing. Where airborne exposure is likely, use NIOSH approved respiratory protection equipment appropriate to the material and/or its components. Full facepiece equipment is recommended and, if used, replaces need for face shield and/or chemical goggles. If exposures cannot be kept at a minimum with engineering controls, consult respirator manufacturer to determine appropriate type equipment for given application. Observe respirator use limitations specified by NIOSH or the manufacturer. For emergency and other conditions where there may be a potential for significant exposure, use an approved full face positive-pressure, self-contained breathing apparatus. Respiratory protection programs must comply with 29 CFR 1910.134.	

### General hygiene considerations

Do not eat, drink or smoke when using this product. Remove and wash contaminated clothing before re-use. Avoid contact with skin, eyes and clothing. Wear suitable gloves and eye/face protection. Wash hands before breaks and immediately after handling the product.

# 9. Physical and Chemical Properties

# 9.1 Information on basic physical and chemical properties

Appearance Physical state Odor color	Opaque Liquid Mild characteristic Gray

# 9.2 OTHER INFORMATION

# 10. Stability and Reactivity

Reactivity

no data available

#### **Chemical stability**

Stable under recommended storage conditions.

#### Possibility of hazardous reactions

None under normal processing.

#### **Conditions to avoid**

Ignitions sources - heat, sparks and open flames. Protect from direct sunlight.

#### incompatible materials

Strong oxidizing agents. Strong acids. Strong bases.

#### Hazardous decomposition products

Carbon oxides.

# **11. Toxicological Information**

# Information on Likely Routes of Exposure

Product information	Everest 3.0 AG Acute oral LD50 (rat) = >5000 mg/kg Acute dermal LD50 (rat) = >5000 mg/kg Acute Inhalation LC50 = >2.06 mg/L - 4 hr
Inhalation	Harmful by inhalation.
Eye contact	Causes serious eye damage.
Skin contact	Repeated or prolonged skin contact may cause allergic reactions with susceptible persons.
Ingestion	MAY BE HARMFUL IF SWALLOWED.

# Information on Toxicological Effects

## Symptoms

No information available.

# Delayed and immediate effects as well as chronic effects from short and long-term exposure

#### Sensitization No information available.

Naphthalene 91-20-3	3.6

# Other Adverse Effects

no data available

# 13. Disposal Considerations

Waste Treatment Methods				
Waste Disposal Method	Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If the wastes cannot be disposed of by use or according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.			
Contaminated packaging	Refer to product label.			
Chamical name	Newbolance			
Chemical name	Naphthalene			
14. Transport Information				

DOT	When shipped domestically by highway in non-bulk containers this product can be shipped as not regulated. When shipped in bulk, by vessel, or internationally use the IMDG shipping description:
<u>TDG</u>	When shipped in Canada domestic highway non-bulk this product can be shipped as Not regulated as per TDG 1.45.1 In bulk - use IMDG description
IATA_ UN/ID no Proper shipping name Hazard class Packing group Description	UN3082 Environmentally hazardous substances, liquid, n.o.s (Safener) 9 PG III Marine pollutant
IMDG UN/ID no Proper shipping name Hazard class Packing group Environmental hazards	UN3082 Environmentally hazardous substances, liquid, n.o.s (Safener) 9 PG III Marine pollutant

# 15. Regulatory Information

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

# signal word DANGER

Keep out of Reach of Children. Causes irreversible eye damage. Prolonged or frequent repeated skin contact may cause allergic reaction in some individuals. For terrestrial uses, do not apply directly to water, or to areas where surface water is present, or to intertidal areas below mean high water mark.
