

Report Date 07-May-15

Page 1 of 4

1. Identification

Product Name : HYPER-ACTIVE

Synonyms: None

Product Use: Adjuvant for Insecticide/Miticide/Fungicide Sprays

Manufacturer/Supplier: Helena Chemical Company

Address: 225 Schilling Blvd. Collierville, TN 38017

General Information: 901-761-0050

Transportation Emergency Number: CHEMTREC:800-424-9300

2. Hazard Identification

Signal Word : Danger

Skin Irritation: This product may cause irritation to the skin.

Eye Irritation: Causes irreversible eye damage.

Acute Toxicity Oral : LD50 >2,000 mg/kg (rat)
Acute Toxicity Dermal : LD50 >2,000 mg/kg (rabbit)

Hazard Categories: Oral/Dermal/Inhalation Toxicity-5/5/5; Eye Irritation-1; Skin Irritation-3;

Flammable-2

Hazard Statement: May be harmful if swallowed

May be harmful in contact with skin Causes serious eye damage

Causes serious eye damaç Causes mild skin irritation May be harmful if inhaled

Highly flammable liquid and vapour

3. Composition / Information on Ingredients

Component	CAS Number	Weight %
Dialkyl dimethyl ammonium polynaphthyl	Proprietary	24.0
amine		
Polyethoxylated alkyl (C6-C22) aryl	Proprietary	56.0
ethers		
Components ineffective as spray	Proprietary	20.0
adiuvant	, ,	

4. First Aid Measures

Eye: Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes.

Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.

Skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for

15 to 20 minutes. Call a poison control center or doctor for treatment advice.

Inhalation: Move person to fresh air. If person is not breathing, call 911 or an ambulance,

then give artificial respiration, preferably mouth-to-mouth, if possible. Call a

poison control center or doctor for further treatment advice.

Ingestion: Call a poison control center or doctor immediately for treatment advice. Rinse

mouth with water. Do not induce vomiting. Do not give anything by mouth if

unconscious.

Report 07-May-15 Date

Attention and Special Treatment

Needed

Indication of Immediate Medical : If product is being mixed with pesticides and/or spray adjuvants, follow all precautionary statements on the accompanying product(s) labeling. Treat

symptomatically.

Fire Fighting Measures

Extinguishing Media: Use foam, dry chemical, or water. Foam extinguishing agents are preferred.

Specific Hazards Arising from the : Vapors can travel to a source of ignition and flash back. Under decomposition,

emits carbon monoxide, carbon dioxide and/or low molecular weight Chemical

hydrocarbons.

Special Fire Fight Proc : Wear self-contained breathing apparatus and full protective clothing.

Accidental Release Measures

Personal Precautions: Keep unprotected and unnecessary personnel out spill area. Keep upwind of

spilled material.

Protective Equipment : Splashproof goggles or face shield, impervious gloves, long-sleeved shirt and

long pants. Use NIOSH-approved respirator. Eyewash and emergency shower

should be available in work area.

Emergency Procedures: Dike the spilled material, if possible. Eliminate all sources of ignition.

: Collect spilled liquid with an inert absorbent, such as sand or vermiculite. Shovel Methods and Materials for **Containment and Cleanup**

or scoop up material and place in properly labeled, closed container for disposal.

If a large spill has occurred, use foam to blanket spilled material, then collect.

Handling and Storage

Precautions for Safe Handling: Keep out of reach of children. Keep container tightly closed. Do not allow water

to be introduced into the contents of this container. Do not contaminate water sources by runoff from cleaning of equipment, disposal of equipment washwater

or spray wastes.

Store in original container only. Do not store near heat or open flame. Do not Conditions for Safe Storage :

store with oxidizing agents.

Exposure Controls / Personal Protection

TLV/PEL: Isopropyl alcohol - OSHA TWA 400 ppm.

Appropriate Engineering Controls: Provide adequate local exhaust ventilation.

Personal Protective Equipment : Splashproof goggles or face shield, impervious gloves, long-sleeved shirt and

long pants. Use NIOSH-approved respirator. Eyewash and emergency shower

should be available in work area.

Physical and Chemical Properties

Odor/Appearance: Clear amber liquid; strong isopropanol odor.

Flash Point. 0F : 70 Degrees F. (PMCC)

: No information found Boiling Point, ⁰F

Melting Point(Freezing point), °C : Not tested Vapor Pressure, mm Hg @ 20 °C : No data available

Vapor Density: No information found Solubility in Water : Dispersible

Molecular Formula: Not applicable, formulated mixture.

Density, g/mL @ 25 °C : 0.965-0.985

Report Date 07-May-15

Page 3 of 4

Evaporation Rate(Butyl Acetate = : No information found

1)

Octanol/Water Partition : No information found

Coefficient

pH: 4.5 to 6.0

Flammable Limits (approximate : Not applicable

volume % in air)

Auto-ignition Temperature : Not determined Decomposition temperature : No information found

10. Stability and Reactivity

Reactivity: No information found

Chemical Stability: Stable

Hazardous Decomposition : Emits carbon monoxide, carbon dioxide and/or low molecular weight

Products hydrocarbons upon decomposition.

Hazardous Polymerization: Will not occur

Conditions to Avoid: Avoid strong oxidizing agents, sources of heat and ignition.

Incompatible Materials: Avoid strong oxidizing agents.

11. Toxicological Information

Acute Toxicity (Oral LD50) : >2,000 mg/kg. May be harmful if swallowed.

Acute Toxicity (Dermal LD50) : No LD50 available. May be harmful in contact with skin.

Acute Toxicity Inhalation LC50 : No LC50 available. May be harmful if inhaled.

Likely Routes of Exposure : Inhalation, skin, eyes, ingestion

Skin Irritation: Causes mild skin irritation.

Eye Irritation: Causes serious eye damage. The product and its vapors can cause

irritation/damage.

Skin Sensitization : No information found.
Carcinogenic : No information found.
Chronic Effects : No data available

Other Hazards : This product may aggravate an existing dermatitis.

12. Ecological Information

Ecotoxicity: No information found

Persistence and Degradability : No information found Bioaccumulative Potential : No information found Mobility in Soil : No information found

Other Adverse Effects: No information found

13. Disposal Considerations

Waste Disposal Method : This material must be disposed of according to Federal, State or Local

procedures under the Resource Conservation and Recovery Act.

14. Transport Information

UN Proper Shipping Name: Flammable Liquid, n.o.s. (Isopropanol) - classification for any mode, any

package size

Report Date 07-May-15

Page 4 of 4

Transport Hazard Class : Class 3
UN Identification Number : UN1993
Packaging Group : PG III

Environmental Hazards : No information found

Transport in Bulk : No information found Special Precautions for : No information found

Transportation

Freight Classification: Adhesives, Adjuvants, Spreaders or Stickers, N.O.I. (NMFC Item 42652, Class

60)

15. Regulatory Information

National Fire Protection :

Association Rating

Health: 2 Fire: 2 Reactivity: 1

Rating Level: (4-Extreme, 3-High, 2-Moderate, 1-Slight, 0-Minimum)

S.A.R.A Title III Hazard : Classification (Yes/No)

Immediate(Acute) Health: Y Delayed (Chronic) Health: N Sudden Release of N

Pressure: Fire: Y Reactive: N

16. Other Information

Data of Preparation/Revision: 07-May-2015
