

SDS REVISIONS: NEW

DATE OF ISSUE: 04/19/2018

LADEM SUPERSEDES:

1. PRODUCT AND COMPANY IDENTIFICATION

Product identifier	
Product Name	LADEM
Other means of identification	
Product Code	PST-0060
UN/ID no	3082
Synonyms	None
Registration Number(s)	34704-1073
Recommended use of the chemical	and restrictions on use
Recommended Use	Herbicide.
Uses advised against	No information available
Details of the supplier of the safety	data sheet
Manufacturer Address	
LOVELAND PRODUCTS, INC.	
P.O. Box 1286	
Greeley, CO 80632-1286	
Emergency telephone number	
Company Phone Number	1-888-LPI-CUST (574-2878)
Emergency Telephone	Chemtrec 1-800-424-9300
	Medical Emergencies: 1-866-944-8565
	US regulations require reporting spills of this material that could reach any surface waters.
	The toll-free phone number for the US Coast Guard National Response Center is
	1-800-424-8802

2. HAZARDS IDENTIFICATION

Classification

OSHA Regulatory Status

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Acute toxicity - Inhalation (Vapors)	Category 3 - (H331)
Acute toxicity - Inhalation (Dusts/Mists)	Category 4 - (H332)
Skin sensitization	Category 1 - (H317)
Carcinogenicity	Category 1B - (H350)

Label elements

Signal word

DANGER

Hazard statements

H317 - May cause an allergic skin reaction H331 - Toxic if inhaled H350 - May cause cancer

5. FIRE-FIGHTING MEASURES							

Suitable extinguishing media

Use extinguishing agent suitable for type of surrounding fire, Use CO₂, dry chemical, or foam

Specific hazards arising from the chemical

In the event of fire and/or explosion do not breathe fumes. May cause sensitization in susceptible persons. Thermal decomposition can lead to release of irritating and toxic gases and vapors.

Explosion data Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None.

Protective equipment and precautions for firefighters

Self-contained breathing apparatus and full protective gear should be worn in fighting large fires involving chemicals. Use water spray to keep fire exposed containers cool. Keep people away. Isolate fire and deny unnecessary entry.

SDS REVISIONS: NEWDATE OF ISSUE: 04/19/2018SUPERSEDES:G. ACCIDENTAL RELEASE MEASURESPersonal precautions, protective equipment and emergency proceduresPersonal precautionsAvoid contact with skin, eyes or clothing. Use personal protective equipment as required.Environmental precautionsPrevent entry into waterways, sewers, basements or confined areas. Do not flush into surface water or sanitary sewer system. See Section 12 for additional ecological information.

LADEM

Methods and material for containment and cleaning up

Methods for containment	Prevent further leakage or spillage if safe to do so.
Methods for cleaning up	Cover liquid spill with sand, earth or other non-combustible absorbent material. Cover powder spill with plastic sheet or tarp to minimize spreading. Pick up and transfer to properly labeled containers. Soak up with inert absorbent material.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handlingAvoid contact with skin, eyes or clothing. Wash contaminated clothing before reuse. Do not
eat, drink or smoke when using this product. Use personal protective equipment as
required. Do not breathe dust/fume/gas/mist/vapors/spray.Conditions for safe storage, including any incompatibilitiesStorage ConditionsKeep container tightly closed in a dry and well-ventilated place. Keep out of the reach of
children. Keep containers tightly closed in a cool, well-ventilated place.

Incompatible materials None known based on information supplied.

DATE OF ISSUE: 04/19/2018

LADEM SUPERSEDES:

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control	parameters
-	•

Exposure Guidelines

Appropriate engineering controls

Engineering Controls Showers Eyewash stations Ventilation systems.

Individual protection measures, such as personal protective equipment

- **Eye/face protection** Tight sealing safety goggles.
- Skin and body protectionWear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls,
as appropriate, to prevent skin contact.
- Respiratory protectionDependent on job function. If vapors or dusts exceed acceptable levels, wear a
MSHA/NIOSH approved air-purifying respirator with any cartridges/filters approved for
pesticides. If respirators are used, a program should be in place to assure compliance with
29 CFR 1910.134, the OSHA Respiratory Protection Standard. Wear a supplied air
respirator if exposure concentrations are unknown.

General Hygiene Considerations When using do not eat, drink or smoke. Wash contaminated clothing before reuse.

EVISIONS: NEW DATE OF ISSUE: 04/19/2018 13. DISPOSAL CONSIDERATIONS

Waste treatment methods

Disposal of wastes

Wastes may be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent), adding rinse water to spray tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at http://www.acrecycle.org/. Do not contaminate water, food or feed by storage or disposal.

Contaminated packaging

Do not reuse container.
