Safety Data Sheet

Preparation Date 01-Jun-2020 Revision date 01-Jun-2020 **Revision Number:** 1 1. Identification of the Substance/Preparation and of the Company/Undertaking Identification of the product **Product Description** MICROTHI 80 WDG Other means of identification Product code 12-373-1 Registration number(s) 93745-1-70506 Recommended use of the chemical and restrictions on use **Recommended use** Miticide. Activities contrary to label recommendation Uses advised against Details of the Supplier of the Safety Data Sheet Supplier Address UPL NA Inc. 630 Freedom Business Center Suite 402 King of Prussia, PA 19406 Emergency telephone number **Company Phone Number** 1-800-438-6071 Chemtrec: (800) 424-9300 (24hrs) or (703) 527-3887 **Emergency telephone number** Medical: Rocky Mountain Poison and Drug Safety (866) 673-6671 (24hrs)

2. Hazards Identification

Classification

OSHA Regulatory Status

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

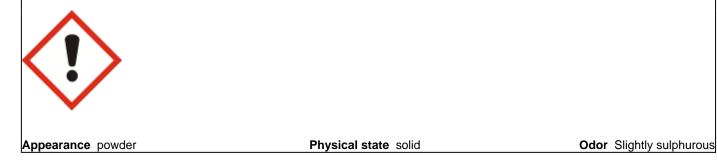

Acute toxicity - Dermal	Category 4
Skin Corrosion/Irritation	Category 2

Label elements

EMERGENCY OVERVIEW

WARNING

Hazard Statements Harmful in contact with skin CAUSES SKIN IRRITATION

Precautionary Statements - Prevention

Wear protective gloves/protective clothing/eye protection/face protection Wash face, hands and any exposed skin thoroughly after handling

IF ON SKIN: Wash with plenty of soap and water Call a POISON CENTER or doctor if you feel unwell If skin irritation occurs: Get medical advice/attention Take off contaminated clothing and wash before reuse

Precautionary Statements - Disposal

Dispose of contents/container to an approved waste disposal plant

Hazards Not Otherwise Classified (HNOC)

OTHER INFORMATION • MAY BE HARMFUL IF SWALLOWED

3. Composition/information on Ingredients

Chemical name	CAS No	Weight-%
Sulfur	7704-34-9	80

If CAS number is "proprietary", the specific chemical identity and percentage of composition has been withheld as a trade secret.

4. First aid measures			
FIRST AID MEASURES			
Eye contact	Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.		
Skin contact	Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Remove contaminated clothing and shoes.		
Inhalation	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a physician or poison control center immediately.		
Ingestion	Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person. Do not induce vomiting without medical advice.		
Most Important Symptoms and Effe	ects, Both Acute and Delayed		
Most Important Symptoms and Effects	no data available.		
Indication of Any Immediate Medical Attention and Special Treatment Needed			
Notes to physician	No information available. Treat symptomatically.		
5. Fire-fighting measures			

Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable extinguishing media no data available.

Specific hazards arising from the chemical No information available.

Explosion data

Sensitivity to Static Discharge

Fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.

<u>Protective equipment and precautions for firefighters</u> Use personal protective equipment. As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. Accidental release measures				
Personal precautions, protective e	equipment and emergency procedures			
Personal Precautions	Use personal protective equipment. Avoid contact with skin, eyes and clothing.			
Environmental Precautions				
Environmental precautions	Consult a regulatory specialist to determine appropriate state or local reporting requirements, for assistance in waste characterization and/or hazardous waste disposal and other requirements listed in pertinent environmental permits. Do not flush into surface water or sanitary sewer system. Local authorities should be advised if significant spillages cannot be contained. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas.			
Methods and material for containn	nent and cleaning up			
Methods for Clean-Up	Sweep up and shovel into suitable containers for disposal. Shovel or sweep up.			
	7. Handling and Storage			
Precautions for safe handling				
Handling	Avoid breathing dust. Keep away from heat, sparks and open flame No smoking. Avoid contact with skin, eyes and clothing. In case of insufficient ventilation, wear suitable respiratory equipment.			
Conditions for safe storage, inclue	ding any incompatibilities			
Storage	Store in an area where cross-contamination with pesticides, fertilizers, food or feed could not occur. Store in a dry place and/or in closed container. Keep containers tightly closed in a cool, well-ventilated place.			
incompatible materials	Strong oxidizing agents.			
	8. Exposure Controls/Personal Protection			
Exposure guidelines	This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.			
Engineering controls	Investigate engineering techniques to reduce exposures. Local mechanical exhaust ventilation is preferred. Consult ACGIH ventilation manual or NFPA Standard 91 for design of exhaust systems. PESTICIDE APPLICATORS & WORKERS. THESE WORKERS MUST REFER TO PRODUCT LABELING AND DIRECTIONS FOR USE IN ACCORDANCE WITH EPA WORKER PROTECTION STANDARD 40 CFR PART 170.			
Personal protective equipment				
Eye/Face Protection Skin protection	Avoid contact with eyes. Goggles. Long sleeved clothing. Long pants. Chemical resistant gloves. waterproof gloves. Socks and footwear.			
Respiratory protection	Where airborne exposure is likely, use NIOSH approved respiratory protection equipment appropriate to the material and/or its components. Full facepiece equipment is recommended and, if used, replaces need for face shield and/or chemical goggles. If			

exposures cannot be kept at a minimum with engineering controls, consult respirator manufacturer to determine appropriate type equipment for given application. Observe respirator use limitations specified by NIOSH or the manufacturer. For emergency and other conditions where there may be a potential for significant exposure, use an approved full face positive-pressure, self-contained breathing apparatus. Respiratory protection programs must comply with 29 CFR 1910.134.

General hygiene considerations

Avoid contact with skin, eyes and clothing.

9. Physical and Chemical Properties

Information on basic physical and chemical properties

Physical state Appearance powder color		solid		
	powder	Light yellow	Odor	Slightly sulphurous

Flash Point No information available

0.918 g/ml

Specific gravity

OTHER INFORMATION

10. Stability and Reactivity

Reactivity

no data available

Chemical stability

Stable under recommended storage conditions.

Possibility of hazardous reactions

None under normal processing.

Conditions to avoid

Protect from moisture. Avoid dust formation.

incompatible materials

Strong oxidizing agents.

Hazardous decomposition products

Carbon dioxide (CO2). Hydrogen sulfide.

11. Toxicological Information

Information on Likely Routes of Exposure

Product information

Sulfur Acute oral LD50 (rat) = >3000 mg/kg Acute dermal LD50 (rabbit) = >2000 mg/kg Acute inhalation LC50 (rat) = >9.23 mg/L /4hr

Inhalation	May cause irritation of respiratory tract.
Eye contact	Moderately irritating to the eyes.
Skin contact	May be harmful if absorbed through the skin.
Ingestion	HARMFUL IF SWALLOWED.

Information on Toxicological Effects

Symptoms	No information available.			
Delayed and immediate effects as well as chronic effects from short and long-term exposure				
Sensitization Mutagenic effects Carcinogenicity Reproductive effects STOT - Single Exposure STOT - Repeated Exposure Aspiration hazard	No information available. no data available. There are no known carcinogenic chemicals in this product. Not Available. no data available. no data available. No information available.			
Numerical Measures of Toxicity - Product information				

LD50 Oral	> 3000 mg/kg (rat)
LD50 Dermal	2000 mg/kg (rat)
LC50 Inhalation	36.92 mg/l (4-hr)

12. Ecological Information

ecotoxicity

Do not apply directly to water to areas where surface water is present or to intertidal areas below the mean high water mark. Do not clean equipment or dispose of equipment washwater in a manner that will contaminate water resources or areable land. Do not apply when weather conditions favor drift from treated areas.

Persistence/Degradability

no data available.

Bioaccumulation/ Accumulation

No information available.

Other Adverse Effects

no data available

13. Disposal Considerations

Waste Treatment Methods

Waste Disposal Method	Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If the wastes cannot be disposed of by use or according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
Contaminated packaging	Refer to product label.

14. Transport Information

DOT	NOT REGULATED
<u>TDG</u>	NOT REGULATED
IATA_	NOT REGULATED
IMDG	NOT REGULATED

15. Regulatory Information

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

signal word CAUTION

Ventilation Control

PESTICIDE APPLICATORS & WORKERS THESE WORKERS MUST REFER TO PRODUCT LABELING AND DIRECTIONS FOR USE IN ACCORDANCE WITH EPA WORKER PROTECTION STANDARD 40 CFR PART 170.

Keep out of Reach of Children. Harmful if swallowed or absorbed through the skin. Harmful if inhaled. For terrestrial uses, do not apply directly to water, or to areas where surface water is present, or to intertidal areas below mean high water mark.
