

Safety Data Sheet

Revision Number: 3

1. Identification of the Substance/Preparation and of the Company/Undertaking

Revision date 03-Jan-2019

Product identifier Product Description:	UP-Star SC Insecticide
<u>Other means of identification</u> Product code Registration number(s)	12U-137 70506-23
Recommended use of the chemica Recommended use	Insecticide.
Uses advised against	Activities contrary to label recommendation
Details of the Supplier of the Safety	y Data Sheet
Supplier Address	
630 Freedom Business Center	
Suite 402	
King of Prussia, PA 19406	
Emergency telephone number Company Phone Number	1-800-438-6071

1-800-438-6071 Chemtrec: (800) 424-9300 (24hrs) or (703) 527-3887 Medical: Rocky Mountain Poison Control Center (866) 673-6671 (24hrs)

2. Hazards Identification

Classification

OSHA Regulatory Status

Emergency telephone number

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

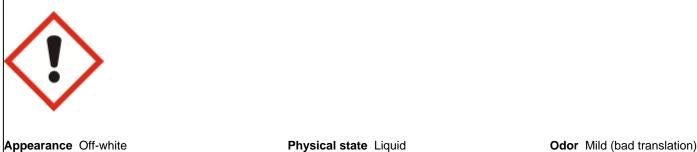

Acute toxicity - Oral	Category 4
Acute toxicity - Inhalation (Vapors)	Category 4

Label elements

WARNING

EMERGENCY OVERVIEW

Hazard Statements HARMFUL IF SWALLOWED HARMFUL IF INHALED

Precautionary Statements - Prevention

Wash face, hands and any exposed skin thoroughly after handling

Do not eat, drink or smoke when using this product Do not get in eyes, on skin, or on clothing Use only outdoors or in a well-ventilated area

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing Call a POISON CENTER or doctor if you feel unwell IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell Rinse mouth

Precautionary Statements - Disposal

Dispose of contents/container to an approved waste disposal plant

Hazards Not Otherwise Classified (HNOC)

OTHER INFORMATION

· May be harmful in contact with skin

· Very toxic to aquatic life with long lasting effects

Very toxic to aquatic life

3. Composition/information on Ingredients

Chemical name	CAS No	Weight-%
Bifenithrin technical	82657-04-3	7.9

If CAS number is "proprietary", the specific chemical identity and percentage of composition has been withheld as a trade secret.

4. First aid measures

FIRST AID MEASURES

Inhalation	advice. Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give	
	artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.	
Ingestion	Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person. Do not induce vomiting without medical advice.	
Most Important Symptoms and Effects, Both Acute and Delayed		
Most Important Symptoms and Effects	no data available.	
Indication of Any Immediate Medical Attention and Special Treatment Needed		
Notes to physician	This product contains a pyrethroid. Treatment is symptomatic and supportive.	
5. Fire-fighting measures		

Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable extinguishing media no data available.

Specific hazards arising from the chemical

No information available.

Hazardous combustion products Carbon dioxide (CO2). Carbon monoxide. Chlorine. Hydrogen chloride. Hydrogen fluoride.

Explosion data

Protective equipment and precautions for firefighters

Use personal protective equipment. As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. Accidental release measures		
Personal precautions, protective	equipment and emergency procedures	
Personal Precautions	Avoid contact with skin and eyes. Use personal protective equipment. Remove all sources of ignition.	
Environmental Precautions		
Environmental precautions	Consult a regulatory specialist to determine appropriate state or local reporting requirements, for assistance in waste characterization and/or hazardous waste disposal and other requirements listed in pertinent environmental permits.	
Methods and material for contain	ment and cleaning up	
Methods for Clean-Up	Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Sweep up and shovel into suitable containers for disposal.	
	7. Handling and Storage	
Precautions for safe handling		
Handling	Keep out of reach of children. Keep away from heat, sparks and open flame No smoking. Avoid contact with skin and eyes. Wear personal protective equipment. Do not eat, drink or smoke when using this product. Wash thoroughly after handling.	
Conditions for safe storage, inclu	iding any incompatibilities	
Storage	Keep container tightly closed in a dry and well-ventilated place. Store in an area where cross-contamination with pesticides, fertilizers, food or feed could not occur.	
incompatible materials	No materials to be especially mentioned.	
	8. Exposure Controls/Personal Protection	
Exposure guidelines	This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.	
Engineering controls	Investigate engineering techniques to reduce exposures. Local mechanical exhaust ventilation is preferred. Consult ACGIH ventilation manual or NFPA Standard 91 for design of exhaust systems.	
Personal protective equipment Eye/Face Protection Skin protection Respiratory protection	Where there is potential for eye contact have eye flushing equipment available. Use eye protection to avoid eye contact. Wear protective gloves/clothing. Socks and footwear. Where airborne exposure is likely, use NIOSH approved respiratory protection equipment appropriate to the material and/or its components. Full facepiece equipment is recommended and, if used, replaces need for face shield and/or chemical goggles. If exposures cannot be kept at a minimum with engineering controls, consult respirator manufacturer to determine appropriate type equipment for given application. Observe respirator use limitations specified by NIOSH or the manufacturer. For emergency and	

other conditions where there may be a potential for significant exposure, use an approved full face positive-pressure, self-contained breathing apparatus. Respiratory protection programs must comply with 29 CFR 1910.134.

General hygiene considerations

Do not eat, drink or smoke when using this product. Wear suitable gloves and eye/face protection. Wash hands and face before breaks and immediately after handling the product. Remove and wash contaminated clothing before re-use.

9. Physical and Chemical Properties

Information on basic physical and chemical properties

Physical state Appearance color	Liquid Off-white No information available	Odor	Mild (bad translation)
<u>Property</u>	VALUES	Remarks/ • Method	
pH	6		
Melting point/freezing point	7 °C / 45 °F		
Boiling Point/Range	No information available		
Flash Point	100 C / > 212 F		
Evaporation Rate	No information available		
Flammability (solid, gas)	No information available		
Flammability limit in air			
Upper Flammability Limit	No information available		
Lower Flammability Limit	No information available		
vapor pressure	No information available		
Vapor Density	No information available		
Specific gravity	1.039 g/ml		
Water solubility	No information available		
Solubility in Other Solvents	No information available		
Partition coefficient: n-octanol/wat	erNo information available		
Autoignition temperature	no data available		
Decomposition temperature	No information available		
Viscosity, kinematic	No information available		
Dynamic viscosity	No information available		
Explosive properties	No information available		
Oxidizing properties	No information available		
OTHER INFORMATION			
Softening point	No information available		
molecular weight	No information available		
VOC Content	No information available		
Liquid Density	No information available		
Bulk density	8.66 lb/gal		
	5		
10. Stability and Poactivity			

10. Stability and Reactivity

Reactivity no data available

Chemical stability

Stable under recommended storage conditions.

Possibility of hazardous reactions None under normal processing.

<u>Conditions to avoid</u> Heat, flames and sparks.

incompatible materials

No materials to be especially mentioned.

Hazardous decomposition products

Carbon dioxide (CO2). Carbon monoxide. Chlorine. Hydrogen chloride. Hydrogen fluoride.

11. Toxicological Information

Information on Likely Routes of Exposure

Product information	USSC FBP- Acute oral LD50 - 632 mg/kg (rat) Acute dermal LD50 - > 2,000 mg/kg (rabbit) Inhalation LC50 - 11.58 mg/L/1 hr (rat)	
Inhalation	Harmful by inhalation.	
Eye contact	May cause irritation.	
Skin contact	May be harmful if absorbed through the skin.	
Ingestion	HARMFUL IF SWALLOWED.	
Component Information	Bifenthrin products may produce skin sensations such as rashes, numbing, burning, or tingling, which are reversible and usually subside in 12 hours.	
Information on Toxicological Effects		
Symptoms	No information available.	
Delayed and immediate effects as well as chronic effects from short and long-term exposure		
Sensitization Mutagenic effects Carcinogenicity Reproductive effects STOT - Single Exposure STOT - Repeated Exposure Aspiration hazard	No information available. no data available. Bifenthrin technical- In studies with laboratory animals, bifenthrin did not cause reproductive toxicity or teratogenicity. Tremors were associated with repeated exposure of laboratory animals with Bifenthrin. In lifetime feeding studies conducted with rodents, a slight increase in the incidence of urinary bladder tumors at the highest dose in male mice was considered to be an equivocal response, not evidence of a clear compound-related effect. The overall absence of genotoxicity has been demonstrated in mutagenicity tests with bifenthrin. Not Available. no data available. No information available.	

Numerical Measures of Toxicity - Product information

LD50 Oral	632 mg/kg (rat)
LD50 Dermal	> 0 mg/kg (rat)
LC50 Inhalation	Inhalation LC50 11.58 mg/l (1 hr)

12. Ecological Information

ecotoxicity

Bifenthrin : Highly toxic to fish and aquatic arthropods (LC50 values between 0.0038 to 17.8 ug/L. Slightly toxic to water fowl and upland game birds (LD50 between 1800 to >2150 mg/kg)

Persistence/Degradability

no data available.

Bioaccumulation/Accumulation

No information available.

Other Adverse Effects

no data available

13. Disposal Considerations		
Waste Treatment Methods		
Waste Disposal Method	Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If the wastes cannot be disposed of by use or according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. Do not apply directly to wetlands or water.	
Contaminated packaging	Refer to product label.	

14. Transport Information

DOT	When shipped domestically by highway in non-bulk containers this product can be shipped as not regulated. When shipped in bulk, by vessel, or internationally use the IMDG shipping description:
TDG	When shipped in Canada domestic highway non-bulk this product can be shipped as Not regulated as per TDG 1.45.1
ICAO UN/ID no. Proper shipping name Hazard class Packing group Description	UN3082 Environmentally hazardous substance, liquid, n.o.s (Bifenthrin) 9 PG III IMDG - Marine Pollutant
IATA UN/ID no. Proper shipping name Hazard class Packing group Description	UN3082 Environmentally hazardous substances, liquid, n.o.s (Bifenthrin) 9 PG III IMDG - Marine Pollutant
IMDG UN/ID no. Proper shipping name Hazard class Packing group Environmental hazards	UN3082 Environmentally hazardous substances, liquid, n.o.s (Bifenthrin) 9 PG III IMDG - Marine Pollutant

15. Regulatory Information

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

signal word	CAUTION

Ventilation Control

PESTICIDE APPLICATORS & WORKERS THESE WORKERS MUST REFER TO PRODUCT LABELING AND DIRECTIONS FOR USE IN ACCORDANCE WITH EPA WORKER PROTECTION STANDARD 40 CFR PART 170.

Restricted Use Pesticide. Keep out of Reach of Children. Harmful if swallowed. Harmful if inhaled or absorbed through skin. Toxic to fish and aquatic inverebrates.
