

NFPA HAZARD RATING				U.S. TRANSPORT SUMMARY	
0	Least				
1	Slight	1	Health		
2	Moderate	1	Flammability		
3	High	1	Reactivity		
4	Severe				

Not Regulated for ground transportation by US DOT

SECTION 1: IDENTIFICATION	
Product Name:	Valcheck III
Common Name:	Volatility Reduction Adjuvant, Humectant, Surfactant, Water Conditioning Agent, Drift Reduction Agent, Defoaming Agent, and Antifoaming Agent
Chemical Description:	Volatility Reduction Adjuvant, Humectant, Surfactant, Water Conditioning Agent, Drift Reduction Agent, Defoaming Agent, and Antifoaming Agent
Recommended Uses:	Adjuvant – See product label for full directions for use.
Restrictions for Use:	See product label for any potential use restrictions
Manufactured For: WINFIELD SOLUTIONS, LLC P. O. Box 64589 St. Paul, MN 55164-0589	MEDICAL EMERGENCY TELEPHONE NUMBER: 1-877-424-7452 (24hrs) Non-Emergency Business Inquiries: 1-855-494-6343 Mon – Fri 8am – 5pm (Central Standard Time)
FOR EMERGENCY, SPILL, LEAK, FIRE, EXPOSURE, OR ACCIDENT, CALL: CHEMTREC 1-800-424-9300 (24 hours)	

SECTION 2: HAZARDS IDENTIFICATION			
POTENTIAL HEALTH EFFECTS:			
Eyes: Causes serious eye damage (Cat. 2a)			
Dermal: May be harmful in contact with skin (Cat 5)			
Inhalation: May be harmful if inhaled (Cat 5)			
Ingestion: May be harmful if swallowed (Cat 5)			
Skin Irritation: Causes skin irritation (Cat 2)			
Carcinogenicity	NTP: Not listed	IARC: Not listed	OSHA: Not listed
SIGNAL WORD: WARNING			
HAZARD STATEMENTS:			
KEEP OUT OF REACH OF CHILDREN			
Causes serious eye irritation and mild skin irritation. May be harmful if swallowed or if in contact with skin. Do not get on skin, in eyes, or on clothing. Do not eat, drink, or smoke while using this product. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, using tobacco or using the toilet. Take off contaminated clothing and wash before reuse. Read and understand the entire Safety Data Sheet (SDS), Directions for Use, and Notice of Warranty before using this product.			
			

PRECAUTIONARY STATEMENTS:**Prevention: Precautionary Statements:**

General: If medical advice is needed, have product container or label at hand. Read label before use. Avoid breathing fumes, mist, vapors, or spray. Wash hands, face, and other affected areas thoroughly after handling. Do not eat, drink, or smoke when using this product. Use only outdoors or in a well-ventilated area. Wear protective gloves / protective clothing / eye protection / face protection.

Response: **IF SWALLOWED:** Call a POISON CENTER or doctor / physician / seek medical attention if you feel unwell. Rinse mouth.

IF ON SKIN: Call a POISON CENTER or doctor / physician / seek medical attention if you feel unwell. Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water.

IF SKIN IRRITATION OCCURS: get medical advice or attention.

IF INHALED: Call a POISON CENTER / doctor / seek medical attention if you feel unwell. Remove person to fresh air and keep comfortable for breathing.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing. If eye irritation persists: Get medical advice / attention.

Storage: See Section 7 for storage information.

Disposal: See Section 13 for disposal information.

SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

Ingredient	% (wt)	CAS Reg. #
*Proprietary blend of water conditioning agent(s)/surfactant(s)/polymer	45.86%	N/A
*Ingredients not specifically listed are non-hazardous and are considered to be confidential business information under 29 CFR 1910.1200(j).		
See Section 8 for exposure limits.		

SECTION 4: FIRST AID MEASURES

INHALATION:	After vapor exposure, remove to fresh air. Call a physician if breathing difficulties or irritation persists.
INGESTION:	Call a poison control center or doctor immediately for treatment advice. Have the person rinse mouth with water. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
EYES:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
SKIN:	Remove contaminated clothing. Rinse skin with plenty of soap and water for 15-20 minutes. Call a doctor /physician if irritation occurs.

SECTION 5: FIRE FIGHTING MEASURES

SUITABLE EXTINGUISHING MEDIA: Dry chemical, foam or carbon dioxide (CO ₂)
SPECIAL FIRE FIGHTING PROCEDURES: Fight fire from a safe distance and protected location. Fight fire upwind to avoid hazardous vapors and decomposing products. Heat may build pressure and rupture closed containers, spreading fire and increasing the risk of injury. Water may be ineffective in firefighting. Use water spray/fog for cooling containers and firefighters. Notify proper authorities if liquid material enters the sewer or public waters.
FIRE FIGHTING EQUIPMENT: As with any fire, wear self-contained breathing apparatus pressure demand, (MSHA/NIOSH approved or equivalent) and full protective gear.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Environmental Precautions: Stop spill at source. Construct temporary dikes of dirt, sand, or appropriate readily available material to prevent spreading of material. Close cap or valves and/or block or plug hole in leaking container and transfer to another container. Keep from entering storm sewers and ditches which lead to waterways, and if necessary, call the local fire or police department for immediate assistance.
Methods for Containment and Clean up: Spilled material is slippery. Neutralize spill with soda ash or lime. Absorb spilled liquid with polypads or other absorbent materials. Clean up with non-combustible absorbent (such as sand or soil). Shovel

up and place all spill residue in suitable containers. Use detergent if needed. Dispose of at an appropriate waste disposal facility according to current applicable laws and regulations and product characteristics at time of disposal.

Personal Protective Equipment: For incidental releases use impermeable gloves, goggles, face shield, and appropriate body protection. In the event of a large release, use impermeable gloves, chemically resistant suit and boots, and hard hat. Self-Contained Breathing Apparatus or respirator may be required where engineering controls are not adequate or conditions for potential exposure exist. When respirators are required, select NIOSH/MSHA approved based on actual or potential airborne concentrations in accordance with the latest OSHA and/or ANSI recommendations.

Spill and Leak Response: Uncontrolled releases should be responded to by trained professionals using pre-planned procedures. Proper protective equipment should be used. In case of a spill, clear the affected area, protect people, and respond with trained personnel.

SECTION 7: HANDLING AND STORAGE

Handling: Follow all SDS / label precautions when using this product. Do not reuse the container.

Storage: Store in a cool, dry, well ventilated area. DO NOT FREEZE

Minimum Storage Temperature: Store above 45° F

Other Precautions: Consult Federal, State and local laws and regulations pertaining to storage.

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure Guidelines

Component:	OSHA PEL	ACGIH TLV	NIOSH REL
Glycerol (mist)	TWA 15mg/m ³ (total) TWA 5mg/m ³ (resp)		

Respiratory Protection: Avoid high concentrations of vapor and/or mist. Use local exhaust if available or use NIOSH/MSHA approved organic vapor respirator, as necessary.

Engineering Controls: **Local Exhaust:** Provide general or local exhaust ventilation systems to maintain airborne concentrations below OSHA PELs or other specified exposure limits. Local exhaust ventilation is preferred. Facilities storing or utilizing this material should be equipped with an eyewash station, safety shower, and adequate ventilation.

Skin Protection: Clean, body covering clothing and impervious gloves such as neoprene should be used. Avoid prolonged and unnecessary skin contact with product.

Eye Protection: Wear OSHA standard chemical splash goggles or face mask; avoid eye contact at all times.

Other Protective Clothing or Equipment:

Work/Hygienic Practices: Never eat, drink, nor use tobacco in work areas. Practice good hygiene after using this material, especially before eating, drinking, smoking, using the toilet, or applying cosmetics.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical State:	Liquid	Specific Gravity (H₂O=1):	1.15 – 1.25 g/cm ³ (g/ml) (@25 C)
Vapor Pressure (mm Hg):	Not determined	Density (lbs/gallon):	10.1 – 10.6 lbs/gal
Vapor Density (Air=1):	Not determined	Melting Point/Freezing Point:	Not determined
Solubility in Water (wt %):	Soluble	Boiling Point/Range:	Not determined
Viscosity:	Not determined	pH:	7-8
Appearance and odor:	Hazy liquid	Flash Point:	>93° C

SECTION 10: STABILITY AND REACTIVITY

Reactivity: Combustion will produce carbon oxides, nitrogen oxides and other products of incomplete combustion.

Chemical Stability: Stable at ambient temperatures and atmospheric pressure.

Possibility of Hazardous Reactions: Combustion will produce carbon oxides, nitrogen oxides and other products of incomplete combustion. Hazardous polymerization will not occur.

Conditions to Avoid: Oxidizing materials

Incompatible Materials: Not determined

Hazardous Decomposition Products: Not determined

SECTION 11: TOXICOLOGICAL INFORMATION**ACUTE TOXICITY**

Eye Effects:	Contact with product will cause eye irritation. Avoid eye contact with product at all times.
Skin Effects:	Contact with product will cause irritation and may be harmful if absorbed through the skin. Avoid prolonged and unnecessary skin contact with the product.
Acute Inhalation Effects:	Inhaling concentrated vapors may be harmful and may cause nasal and respiratory tract irritation. Overexposure by inhalation may cause headache, nausea, weakness, and lightheadedness.
Acute Oral Effects:	May cause burning pain in mouth, throat, and abdomen and coughing and constriction of the throat, followed by nausea, vomiting, and diarrhea. Do not taste or swallow product.
Specific Target Organ Toxicity:	No data available

CHRONIC TOXICITY

Chronic Effects:	No data available
Carcinogenicity:	No data available
Mutagenicity:	No data available
Teratogenicity:	No data available
Reproductive Toxicity:	No data available

POTENTIAL HEALTH EFFECTS:

Eyes:	Cat 2a – Causes serious eye damage
Dermal:	Cat 5 – May be harmful in contact with skin
Inhalation:	Cat 5 – may be harmful if inhaled
Ingestion:	Cat 5 – may be harmful if swallowed
Skin Irritation:	Cat 2 – causes skin irritation

SECTION 12: ECOLOGICAL INFORMATION**ENVIRONMENTAL SUMMARY:****ECOTOXICITY DATA:**

Fish Acute and Prolonged Toxicity:	No data available
Aquatic Invertebrate Acute Toxicity:	No data available
Aquatic Plant Toxicity:	No data available
Bird Acute and Prolonged Toxicity:	No data available
Honeybee Toxicity:	No data available

ENVIRONMENTAL EFFECTS:

Soil Absorption/Mobility:	No data available
Persistence and degradability:	No data available
Bioaccumulative Potential:	No data available
Other adverse effects:	No data available

SECTION 13: DISPOSAL CONSIDERATIONS

Waste:	Dispose of product in accordance with applicable Federal, state and local laws and regulations. Do not contaminate water, food, or feed by disposal.
Container:	Disposal of container in compliance with local, State, and Federal regulations. Empty containers must be handled properly due to product residue.
RCRA Characteristics:	It is the responsibility of the individual disposing of this product to determine the RCRA classification and hazard status of the waste.

SECTION 14: TRANSPORT INFORMATION

DOT: (Ground)	Not regulated for US Transport
IMDG: (Sea)	Not determined

IATA: (Air)	Not determined
TDG: (Canada)	Not determined

Section 15—Regulatory Information

TSCA Inventory: All components are listed on the TSCA inventory.

SARA Title III Information:

Section 302/304 - Extremely hazardous substances: To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

Section 311/312 - Hazard Categories: To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

Section 313 – The following chemicals are subject to the reporting requirements of Section 313 of Title III, Superfund Amendments and Reauthorization Act of 1986 and 40 CFR 372:

To the best of our knowledge, there are no chemicals at levels which require reporting under this statute.

CERCLA - This product contains the following chemicals which have a reportable quantity (RQ) under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA):

No component reportable quantities could be met with any practical quantity of product.

California Proposition 65: This product contains no chemicals known to the State of California to cause cancer or reproductive toxicity.

U.S. State Worker and Community Right-To-Know (RTK) Information (CT, IL, MA, MN, NH, NJ, PA, RI):

Chemical Name	CAS #	State(s)
Glycerol	56-81-5	NJ, PA

Canadian Domestic Substances List:

Chemical Name	CAS #
Not determined	

TRACE ELEMENTS: Trace ingredients (if any) are present in < 1% concentration (< 0.1% for potential carcinogens, reproductive toxins, respiratory tract mutagens, and sensitizers). None of the trace ingredients contribute a significant additional hazard at the concentrations that may be present in this product. All pertinent hazard information has been provided in this document, per the requirements of the Federal Occupational Safety and Health Administration Standard (29 CFR 1910.1200), US State equivalents, and Canadian Hazardous Material Identification System Standard (CPR 4).

WHMIS Classification: Not determined

Section 16—Other

Disclaimer: The information presented herein is based on available data from reliable sources and is correct to the best of WinField Solutions' knowledge. WinField Solutions, LLC makes no warranty, express nor implied, regarding the accuracy of the data or the results obtained from the use of this product. Nothing herein may be construed as recommending any practice or any product in violation of any law or regulations. The user is solely responsible for determining the suitability of any material or product for a specific purpose and for adopting any appropriate safety precautions. We disclaim all liability for injury or damage stemming from any improper use of the material or product described herein.
