

AMS/2000[®]

Drift Reduction Agent and Water Conditioner

PRINCIPAL FUNCTIONING AGENTS

Ammonium Salts, Polyacrylamide Polymer and Siloxane..... 100.00%
TOTAL.....100.00%

Components exempt from tolerance under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN
WARNING
READ ENTIRE LABEL BEFORE USING

GHS HAZARD STATEMENTS

May be harmful if swallowed. May be harmful in contact with skin. Causes mild skin irritation. Causes serious eye irritation.

PRECAUTIONARY STATEMENTS

Read and follow all precautionary statements on the accompanying pesticide label(s). Wash hands, face and other affected areas thoroughly after handling. Wear protective gloves, protective clothing, eye protection and face protection.

FIRST AID

CALL A POISON CONTROL CENTER OR DOCTOR IF YOU FEEL UNWELL.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person.

IF INHALED: Move individual to fresh air. If individual is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of medical emergency, call toll free 1-877-424-7452.

NET WEIGHT: 51 lbs (23.13 kg)

GENERAL INFORMATION

AMS/2000® is a highly refined and processed spray grade ammonium sulfate/drift reduction agent combination with antifoam included designed to enhance herbicide performance by reducing antagonism in the spray tank, reducing spray drift and increasing deposition of the herbicide for improved uptake by the targeted weed species*. AMS/2000® disperses rapidly in solution and has been specifically designed to mix well in cold water. AMS/2000® is designed and manufactured for the professional applicator with a very high level of purity to prevent plugged nozzles and screens. It is conveniently packaged and premeasured for a wide range of application rates and equipment.

*Spray drift reduction is dependent on many factors including equipment setup and weather conditions. For proper management of spray drift and spray deposition, all factors, including the condition and settings of the equipment and wind speed and direction, humidity and temperature must all be taken into account.

DIRECTIONS FOR USE

Prior to use, read all directions on this label and on the label of the product used. The product label for specific usages and restrictions have precedence over directions for uses referred to on this label.

MIXING INSTRUCTIONS

SHAKE WELL OR RECIRCULATE BEFORE USE

1. Fill sprayer 1/3 to 1/2 full of water
2. Add dry flowables or dispersible granules
3. Add emulsifiable concentrates
4. Continue to agitate until tank is 3/4 full
5. Add AMS/2000® last to the agitating spray tank

RECOMMENDED RATES

17 pounds per 100 gallons (2% v/v liquid AMS is equal to 17 pounds of AMS/2000® per 100 gallons of spray solution).

STORAGE & DISPOSAL

Storage: Store in original bag. Keep bag tightly closed. Do not allow water or other chemicals to be introduced into contents of bag. Do not contaminate water sources with equipment wash water, spray disposal waste, or by cleaning of equipment. Keep away from food, feed or other product, especially oxidizing agents, to prevent contamination.

Disposal: Completely empty contents of bag into spray application equipment. Do not reuse bag. Offer empty bag for recycling, or puncture and dispose of according to local, state, and federal regulations.

For Chemical Emergency Involving a Spill, Leak, Fire, Exposure or Accident, Call CHEMTREC 1-800-424-9300.

Notice of Warranty

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
