

# ANGON

## HIGH SURFACTANT METHYLATED OIL CONCENTRATE

### NET CONTENTS

**2.5 US GAL**

(9.463 L)

### PRINCIPAL FUNCTIONING AGENTS

Methylated seed oil and Alcohol alkoxyolate.....	68.84%
Constituents ineffective as spray adjuvants.....	31.16%
<b>Total.....</b>	<b>100.00%</b>

All ingredients are exempt from tolerance according to 40 CFR 180

Surfactant Content: 10.3%

### KEEP OUT OF REACH OF CHILDREN

## DANGER/PELIGRO

Si Usted no entiende la etiqueta, busque a alguien para que se la explique a Usted en detalle.  
(If you do not understand the label, find someone to explain it to you in detail.)

HAZARD STATEMENTS: Causes serious eye damage. May cause an allergic skin reaction.

PRECAUTIONARY STATEMENTS: Do not breathe mist or vapor. Wash thoroughly after handling. Avoid release to the environment. Wear protective gloves. Wear eye protection or face protection.

ENVIRONMENTAL HAZARDS: Do not contaminate water sources by cleaning of equipment or disposal of waste waters.

### FIRST AID

Call a POISON CENTER or doctor/physician if you feel unwell.

For Chemical Emergency (spill, leak, fire or accident), call CHEMTREC (800) 424-9300

If swallowed: Rinse mouth. Do NOT induce vomiting.

If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

If inhaled: Remove person to fresh air and keep comfortable for breathing.

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor.

\*APE NPE FREE = Product free of alkyl phenol ethoxylate and nonylphenol ethoxylate, surfactants known to be ecotoxic.

DISTRIBUTED BY: Prairieland Ag LLC, 315 5th St N #103, Fargo, ND 58102

**Prairieland Ag LLC**

## GENERAL INFORMATION

ANGON™ is a highly concentrated adjuvant used, in general, at half the rate of methylated seed oil (MSO) or crop oil concentrate (COC) adjuvants. ANGON can be applied with a broad range of pesticides where methylated seed oil-based adjuvants are recommended. ANGON is effective in the spreading and the penetration of post-emergent herbicides.

## DIRECTIONS FOR USE

Prior to use, read all the directions on this label and on the label of the manufacturers' products being used with ANGON. The manufacturers' label for specific usage and restrictions has precedence over directions for use referred to on the ANGON label. Test for compatibility prior to mixing and application with other chemicals. Always test new tank mix combinations before widespread use. If unsure, check with the manufacturers or contact your local State Extension Service if you have questions. Ensure spray equipment is thoroughly cleaned before using ANGON. To ensure thorough mixing, it is suggested that you recirculate mini tanks and bulk tanks or shake containers before using. Do not add additional adjuvants when using this product.

## PRECAUTIONS

- Due to high surfactant load, test ANGON with post-emergent tank mix combinations prior to widespread use to minimize phytotoxicity risk.
- Due to the high surfactant content, DO NOT USE between V10 and VT stages on corn.
- For use with pesticides registered for agricultural, forestry, industrial, non-crop, rights of way and other appropriate uses.
- NOTE: Not for aquatic use.

## MIXING

Shake well before use. In the absence of specific mixing instructions found on the pesticide label, fill spray or mix tank 1/2 to 2/3 with water. Commence agitation and continue throughout the whole mixing and spraying process. Add pesticides and/or other tank mix components. Complete filling of tank with water. Add ANGON last. ANGON can be applied by ground and aerial applications. NOTE: Test stability and pH of the tank mix before adding any buffer or other adjuvants.

## RECOMMENDED RATES

ANGON should be applied at a rate of 8 fl. oz. – 64 fl. oz. (0.0625% – 0.5% v/v) per 100 gallons of spray solution in ground, aerial, low volume or CDA applications. Use lower rates for in-season, over-the-top applications.

## STORAGE AND DISPOSAL

**PROHIBITIONS:** Do not contaminate ponds, waterways, ditches and food or feed with chemicals and/or used containers by storage, disposal or cleaning equipment. **STORAGE:** Keep away from heat, sparks and open flame. Store in a cool, dry, well-ventilated place out of direct sunlight. Store in original tightly closed container away from children, animals, foods, feeds and seeds. Handle in accordance with precautionary statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent materials. Scrape up and dispose in accordance with Product Disposal. **PRODUCT DISPOSAL:** Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. **CONTAINER DISPOSAL:** Empty containers or liners may retain some product residues. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. Dispose of container/contents in accordance with local/national regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit [www.acrcycle.org](http://www.acrcycle.org).

## NOTICE OF WARRANTY

To be read prior to using this product. The directions should be followed carefully together with good application practice. Failure to do so may cause injury to crops, animals, man or the environment. Extraordinary or unusual weather conditions may affect product performance and/or crop injury which are beyond the control of Oro Agri, Inc. (the "Company") or seller. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the Directions For Use. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company's election, ONE of the following: 1. Refund of the purchase price paid by buyer or user for product bought. 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company / seller offer this product and the buyer / user accepts it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
