

BAZOOKA

WATER CONDITIONING WETTING AGENT

Principal Functioning Agents:

Ammonium sulfate, polyol and alykl ethoxylate sulfate.....	40%
Constituents ineffective as a spray adjuvant.....	60%

TOTAL..... 100%

Surfactant content 10%

All ingredients are exempt from tolerance under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN

CAUTION

NET CONTENTS: 2.5 Gal. (9.46L)

PRECAUTIONARY LANGUAGE

CAUTION: CAUSES TEMPORARY EYE IRRITATION. INHALATION OR INGESTION MAY CAUSE MUCOUS MEMBRANE IRRITATION. Avoid contact with soap and water after handling and before eating, drinking, chewing gum or smoking tobacco.

Remove and wash contaminated clothing before reuse. Read and follow all precautionary statements on the accompanying pesticide label(s).

PERSONAL PROTECTIVE EQUIPMENT: Wear chemical eye protection, impervious gloves, long-sleeve shirt, pants, shoes and socks. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

FIRST AID

Call a poison control center or doctor immediately for treatment advice. Have the product container with you when calling a poison control center or doctor, or going for treatment.

If Swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

GENERAL INFORMATION

BAZOOKA contains a combination of ammonium sulfate and an electrolyte-stable surfactant system in a convenient liquid foam. The low foaming system at the recommended use rates delivers the AMS and surfactant required by glyphosate, glufosinate and many other pest control products. By reducing hard water interactions, increasing uptake and spreading, all at the same time, **BAZOOKA** significantly increases the performance of most pest control agents.

DIRECTIONS FOR USE

Use **BAZOOKA** at a rate of 2.5 to 5 gallons per 100 gallons (2.5 to 5%) of tank mix. Add according to the directions on the pesticide label. If no directions are provided, add when directed to add the ammonium sulfate.*(NOTE: The use rate

of 2.5% provides the equivalent of 2 quarts of surfactant blend per 100 gallons of tank mix.) The use rates described above meet the surfactant and AMS requirements of such products as *Roundup® Original and other similar products. These rates will deliver 8.5 to 17 pounds of AMS and 0.5 to 1% of wetting agent per 100 gallons of spray solution. Do not mix this product with concentrated oil or lecithin based adjuvant products before adding to the tank mix. Add these two kinds of products separately to the tank.

Gallons of Bazooka per 100 gallons of tank mix	Equivalent quarts of spreader adjuvant	Pounds of dry AMS delivered
2.5	2	8.5
5	4	17

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage and disposal.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) adding rinsate to mix tank. Decontaminated containers may be disposed of in a sanitary landfill or by recycling. Recycling is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrcycle.org.

LIMITATION OF LIABILITY AND WARRANTY

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
