0-0-1

Guaranteed Analysis

Soluble Potash (K₂O) 1%

Derived from potassium hydroxide

**Also contains Non-Plant Food Ingredients:
Humic Acids 3%**

Derived from lignite

GENERAL INFORMATION

Fighting Brand Humic 6 is a humic acids colloidal suspension extracted from oxidized lignite.

Fighting Brand Humic 6 is primarily designed for soil and water run applications in combination with fertilizers. Concentrated humic acids suspension products are not always easily compatible with all liquid fertilizers. Consult your qualified Bio-Gro, Inc. representative for instructions for information on blending with specific fertilizer formulations.

DIRECTIONS FOR USE

It is recommended to shake, stir or agitate containers or tanks of Fighting Brand Humic 6 just prior to usage.

SUGGESTIONS FOR USE

Fighting Brand Humic 6 can be soil applied and water run on all crops at rates of 2 to 15 gallons per acre. Fighting Brand Humic 6 can also be impregnated into dry fertilizer blends.

It is best to use materials in split applications with other fertilizer and micronutrient products at 1 to 3 gallons per acre in 2 to 6 applications.

Fighting Brand Humic 6 can be applied by side dress and banding equipment, water run through irrigation systems or sprayed directly on soils with other fertilizer materials.

NOTICE

NOTICE: Since many pesticide products can be neutralized and/or tied up by soil organic matter, it is highly recommended not to use pesticides applied directly with humic acids. Consult pesticide representative before using on a large scale.

CONDITIONS OF SALE

Seller and/or manufacturer warrants only that this product consists of the ingredients specified on this label. No one is hereby authorized to make any warranty and/or guarantee concerning the use of this product.
