

CLASS ACT® NG®

AMS WATER CONDITIONING AGENT AND NONIONIC SURFACTANT BLEND
With CornSorb® Technology

PRINCIPAL FUNCTIONING AGENTS:

Ammonium sulfate, corn syrup, alkyl polyglucoside.....	50.5%
CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT	45.5%
TOTAL	100.00%

Surfactant content 10% (note the user rate of 2.5% v/v compensates for the low surfactant %)
All ingredients are exempt from the requirements of a tolerance in 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN

WARNING

Causes eye irritation.

SEE INSIDE BOOKLET FOR PRECAUTIONARY STATEMENTS, FIRST AID, AND STORAGE AND DISPOSAL

PRECAUTIONARY STATEMENTS

Wash hands thoroughly after handling.

FIRST AID

IF IN EYES: Rinse cautiously with water for 15 minutes. Remove contact lenses if present and easy to do so. Continue rinsing. If eye irritation persists get medical attention.

In case of medical emergency, call toll free 1-877-424-7452.

STORAGE AND DISPOSAL

Keep product in original container. Do not contaminate water, food or feed by storage or disposal. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. Contact your state and local ACRC recycler or visit the ACRC web page at www.agrecycling.org. Decontaminated containers may also be disposed of in a sanitary landfill.

For Chemical Emergency: Spill, Leak, Fire Exposure or Accident, Call: CHEMTREC 1-800-424-9300

GENERAL INFORMATION

Class Act® NG® adjuvant is one of the most widely recognized and trusted water conditioners in the market. It enhances many herbicide applications and helps improve weed control through our proprietary technology: CornSorb®, which is proven to improve herbicide uptake and increase cuticle penetration.

A combination water conditioner that saves applicators time, Class Act® NG® also includes a nonionic surfactant for improved spreading and 3.4 pounds of ammonium sulfate per gallon to combat minerals that can interfere with herbicide performance.

Unlike many other AMS-based water conditioners, Class Act® NG® is formulated to be low-foaming, which allows applicators to spend less time mixing and more time spraying. Approved for use with nearly every herbicide application requiring AMS, you can trust Class Act NG to enhance your weed control and help give your crop the best agronomic advantage.

Class Act® NG® Adjuvant offers an easy-to-use formulation that combines CornSorb® Technology, a nonionic surfactant, and ammonium sulfate (AMS) for water conditioning in a high-performance liquid premix.

Class Act NG helps improve weed control with glyphosate and glufosinate applications by conditioning water in the tank mix. CornSorb Technology increases uptake and speed of herbicide action to reduce competition for critical nutrients from weeds.

- Pre-dissolved liquid AMS – no nozzle plugging and sedimentation
- Formula designed to minimize foaming

Approved for Aquatic Use With Pesticides Labeled for Aquatic Use.

CA Reg. No. 1381-50014-AA

DIRECTIONS FOR USE

Shake well before using

Class Act® NG® may be used at a rate of 1.25-5.0% v/v. 2.5-5.0 gallons per 100 gallons of spray solution meets Cornerstone® and similar product label requirements for 0.5-1.0% v/v nonionic surfactant plus 8.5-17 pounds of dry ammonium sulfate per 100 gallons of water. Follow herbicide label for specific rates, mixing instructions and other precautionary instructions. Do not mix Class Act® NG® with Interlock® in an induction system or container when both products are undiluted. Once mixed in water, both products are compatible in either mixing order.

Amounts of nonionic surfactant and dry ammonium sulfate in Class Act® NG®.

Gallons of Class Act® NG® Per 100 Gallons of Water		Equivalent Quarts of Nonionic Surfactant		Pounds of Dry Ammonium Sulfate
2.5	=	2	=	8.5
5.0	=	4	=	17.0

Notice of Warranty

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, NOR IS ANY REPRESENTATIVE OF SELLER AUTHORIZED TO MAKE ANY SUCH WARRANTY OR MODIFY THESE TERMS. This warranty does not extend to the storage, handling or use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such storage, handling or use. Seller shall not be responsible for incidental or consequential damages, if any, resulting from a breach of warranty.
