GENERAL INFORMATION

CYTO-PHOS I can be applied to potatoes, sugar beets, most other vegetable and row crops, deciduous fruit and nut trees, citrus, avocados, grapes, melons, ornamentals, turf, pasture, range grasses, and most other crops. CYTO-PHOS I is a balanced liquid plant food containing the primary and secondary plant nutrients. The secondary plant nutrients are chelated with EDTA to provide rapid assimilation into the plant system. CYTO-PHOS I liquid fertilizer was formulated to provide a fast method to boost plant growth during critical or high growth periods, to prevent damage due to weather, and to correct nutrient deficiencies.

DIRECTIONS FOR USE

Mixing Sequence:

1. Water
2. CYTO-PHOS I
3. Other agricultural chemicals

Application Rate: Apply at the rate of 1 to 4 quarts per acre to correct deficiencies of listed nutrients.

Foliar Application: Apply CYTO-PHOS I with 20 gallons of water per acre through conventional sprayers. When using low volume equipment or aerial application, 5 to 10 gallons of water per acre is usually sufficient. This product can be used in combination with other chelate/citrate-based products and/or many pesticides.

Soil Application with Other Liquid Fertilizer: CYTO-PHOS I may be combined with other liquid fertilizer. Broadcast or row applications are acceptable, although greater efficiency may be expected from row application. Trace elements should be added to pre-plant fertilizer.

STORAGE AND DISPOSAL

STORAGE: Store in original containers only. Keep containers tightly closed when not in use. Store in a cool, dry well-ventilated area, preferably in a locked storage area away from children, feed and food products, and seed. Store at ambient temperatures. Do not contaminate water, food, or feed by storage or disposal.

DISPOSAL: Do not reuse container. Plastic: Triple rinse (or equivalent), adding rinse water to spray tank, then offer for recycling at an ACRC site (go to <http://www.acrcycle.org/> for locations) or by reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water, food, or feed by storage or disposal.

HANDLING: Avoid breathing fertilizer mists. Avoid prolonged or repeated skin contact. Avoid eye contact. Wash hands thoroughly after handling this product.
