#### **GENERAL INFORMATION**

DGUARD™ is an effective and easy to use adjuvant for deposition improvement and drift retardation when used in aerial or standard ground applications. DGUARD is compatible with most water soluble and wettable powder pesticides, desiccants, and cotton defoliants.

NOTE: DGUARD will reduce, but not completely eliminate drift. The degree of drift hazard varies with the type of pesticide, application conditions, and vegetation surrounding the sprayed area.

#### DIRECTIONS FOR USE

Shake or agitate well before each use.

REFER TO PESTICIDE LABEL FOR SPECIFIC CROP USE AND APPLICATION RATES. Prior to use, read and follow all directions on this label and on the label of the pesticide being used. The pesticide manufacturer's label for specific usages and restrictions have precedence over DIRECTIONS FOR USE referred to on this label.

Fill the spray tank one-half to three-quarters full with water, add pesticide products, and provide good agitation. Select proper rate from the Use Rate table and add DGUARD. If additional surfactants or spray adjuvants are to be used, they should be added after DGUARD. Continue filling tank with water while agitating until tank is full.

#### **USE RATES**

Medium (31-50 PSI)	Flat Fan, Flood	2-3 qt. per 100 gal. spray mixture	
	Off Center	3-4 qt. per 100 gal. spray mixture	
	Spray Gun	3-5 qt. per 100 gal. spray mixture	
High (51-150 PSI)	Spray Gun	3-10 qt. per 100 gal. spray mixture	

For pesticides that permit use of an adjuvant at a higher rate, follow instructions on that pesticide label. However, do not add this product at a rate which exceeds 5% of the finished spray volume, except when used as a diluent in dormant, basal, site preparation or other similar applications, per label instructions. Use caution at the higher use rates. When applying to a sensitive crop, first treat a small area to determine if there are any adverse effects to the crop.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**PRODUCT STORAGE:** Store in original container only and keep tightly sealed. Store in closed storage area.

**PRODUCT DISPOSAL:** Dispose of contents in accordance with all government regulations. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of federal law. Wastes resulting from the use of this product may be disposed of onsite or at an approved waste disposal facility.

**CONTAINER HANDLING:** Dispose of container in accordance with all government regulations. Triple rinse (or equivalent), then offer for recycling, if available, or reconditioning, if appropriate. Alternatively, puncture and dispose of the container in a sanitary landfill, or by other procedures approved by state and local authorities. Recycling cleaned containers is the best option of container disposal. The ACRC (Agricultural Container Recycling Council) operates a national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at <a href="https://www.acrecycle.org">www.acrecycle.org</a>.
