

Even™ DR

Dry Reduced Rate Water Conditioner

PRINCIPAL FUNCTIONING AGENTS:

Ammonium sulfate, 2-hydroxy-1,2,3-propanetricarboxylic acid	98.99%
Constituents Ineffective as Spray Adjuvants	1.01%
TOTAL	100.00%

All ingredients are approved for use under 40 CFR Part 180

WA REG. NO. XXXX-XXXXX

KEEP OUT OF REACH OF CHILDREN

WARNING

HAZARD AND PRECAUTIONARY STATEMENTS:

Causes serious eye irritation and mild skin irritation. May be harmful if swallowed and in contact with skin. Wear eye and face protection, protective clothing and gloves. Wash protective equipment and work clothes thoroughly after handling. Do not eat, drink or smoke when using this product.

ENVIRONMENTAL PRECAUTIONS:

Do not contaminate water when cleaning equipment or disposing of equipment wash waters.

PERSONAL PROTECTIVE EQUIPMENT (PPE):

Applicators and other handlers must wear splash-proof chemical safety goggles, face protection, chemically-resistant gloves, long-sleeved shirt, pants, socks and shoes. Consult the SDS for further information.

FIRST AID

- If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
- If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
- If On Skin:** Take off contaminated clothing and wash it before reuse. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
- If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

HAVE THE PRODUCT CONTAINER OR LABEL WITH YOU WHEN CALLING A POISON CONTROL CENTER OR DOCTOR, OR GOING FOR TREATMENT.

For Hazardous Materials or Dangerous Goods Incidents ONLY (spill, leak, fire, exposure or accident), call CHEMTREC at 1-800-424-9300.

GENERAL INFORMATION:

Functions: Water Conditioner (Reduced Rate Dry AMS Alternative).

Even DR is a water soluble blend of reduced rate water conditioning and sequestering agents. It is intended for use with glyphosate and other herbicide spray applications that recommend the use of ammonium sulfate or nitrogen fertilizer as a spray additive. **Even DR** is a fully soluble spray-grade granule that readily goes into solution. **Even DR** improves weed control by conditioning and acidifying the water. **Even DR** helps maximize herbicide performance by reducing herbicide tie-up from iron, calcium, magnesium and other impurities in water. **Even DR** is compatible with all glyphosate formulations. It is tank-mix compatible with most drift retardants and nonionic surfactants. **Even DR** is approved for aquatic use.

DIRECTIONS FOR USE:

Prior to use, read all directions on this label and on the label of the product to be applied.

Do not use where the pesticide label prohibits the use of water conditioners or acidifying agents. If the label neither recommends nor prohibits an adjuvant, the applicator must have prior experience with the adjuvant/pesticide spray mix under local conditions.

The addition of adjuvants to some pesticides, fertilizers and their tank mixes may cause phytotoxicity. Before using **Even DR**, the applicator or crop advisor must have experience with the pesticide combination, including **Even DR**, or must have conducted a phytotoxicity test.

FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, HORTICULTURAL, TURF, ORNAMENTAL, INDUSTRIAL AND NON-CROP USES.

USE RATES:

For ground, air, and aquatic applications: Use 3-4 pounds per 100 gallons of spray solution.

Use the higher rate with hard water conditions or when tank mixing with glyphosates (or other herbicides) that do not contain a surfactant ingredient.

Even DR can be used as a replacement for ammonium sulfate under most conditions. Where extremely hard water conditions exist in conjunction with difficult to control weeds, additional **Even DR** or ammonium sulfate may be required.

MIXING:

Always start with spray equipment that has been thoroughly cleaned. Refer to the specific mixing instructions listed on the respective pesticide label(s) prior to mixing. In the absence of specific mixing instructions, fill the spray tank with at least 50% of the final carrier volume. While the carrier is agitating, add tank mix ingredients in the following order:

1. **Even DR**, compatibility agent and/or antifoam
2. Dry formulations (WP, DF, WDG, SG, SP) and ammonium sulfate
3. Flowable formulations (F & FL), liquid concentrates or suspensions (LC, ME, SC, CS)
4. Emulsifiable concentrates (E or EC)
5. Soluble liquids (S or SL)
6. Water conditioners and other adjuvants
7. Finish filling and continue agitation

Even™ DR

Dry Reduced Rate Water Conditioner

STORAGE AND DISPOSAL:

Storage: Store in a cool, dry place in original unopened bag.

Disposal: Completely empty bag contents into spray tank. Empty bags should be disposed of in a sanitary landfill or by incineration if allowed by state and local regulations. Dispose of contents/bag to local/state/federal regulations.

Prohibitions: Do not contaminate water, food or feed by storage or disposal. Read all precautions of products being handled and follow the most restrictive language for all products to provide the safest work environment.

CONDITIONS OF SALE:

Generic Crop Science, LLC and its affiliates, respective officers, directors, employees, agents, successors, (collectively, "GCS") warrants only that this product conforms to the product description on the label. Other than the foregoing Limited Warranty, this product is sold on an 'as-is' basis. GCS disclaims to the fullest extent permitted by law, all other warranties of any kind, either express or implied, including, but not limited to: the implied warranty of merchantability, the implied warranty of fitness for a particular purpose, non-infringement, that the use of this product will cause or result in any particular outcome, the suitability of this product to control any specific agricultural pest or disease, or the product compatibility with other products or permitted tank mixes. If GCS breaches any of its warranties in relation to this product, buyer's and user's exclusive remedy for such breach is limited to GCS repairing or resupplying (at GCS's election) the relevant or comparable products in compliance with such warranty. To the fullest extent permitted by law, under no circumstances and under no legal theory (including, without limitation, tort, contract, strict liability, or otherwise) shall GCS be liable to user or buyer for (A) any direct, special, incidental, consequential, punitive or exemplary or indirect damages of any kind, including damages for lost profits, lost revenue, unrealized savings, crop loss, loss of yield, loss of goodwill, business interruption damages, work stoppage, or (B) any amount, in the aggregate, in excess of the amount actually paid for this product, exclusive of taxes, shipping & handling, and any other applicable fees, or (C) any other matter. GCS further disclaims any liability for compensatory or other damages arising out of any use contrary to the label direction. Some jurisdictions do not allow the exclusion or limitation of certain damages or limitations on how long an implied warranty last, so only portions of the above limitation and exclusions may apply to user or buyer if so restricted by law.
