GENERAL INFORMATION

EvenBreak™ for Deciduous Trees and Vines is a water-soluble foliar nutritional fertilizer of macro and micronutrients. It is designed for application 1-3 weeks in advance of expected bud-break and may be applied alone or in tank mixes containing pesticides. However, when use of an unfamiliar mix is made, a compatibility test is always recommended.

EvenBreak is a nutritional supplement to a regular fertilizer program and will not supply the total nutrients required by a crop.

RECOMMENDATIONS FOR USE

EvenBreak is a nutritional supplement used to promote bud break uniformity and shoot vigor in deciduous trees and vines. **EvenBreak** must be used in combination with the surfactant **Widespread® Max**.

DIRECTIONS FOR USE

Add the required amount of **EvenBreak** to half a tank of water and mix well before adding the surfactant **Widespread Max** and or any compatible chemicals. Do not store solution mixed with pesticide! Spray immediately after mixing.

SUGGESTED APPLICATION RATES AND TIMINGS

To promote early shoot vigor, more uniform bloom and fruit set in grapes and deciduous trees apply one gallon **EvenBreak** per acre. Use only with the Non-ionic Surfactant/Penetrant **Widespread Max** at a rate of 5 to 6 ounces per 100 gallons of water. Apply as a directed spray in volumes not to exceed 200 gallons per acre. Uniform spray coverage of bud material is required for good performance.

EvenBreak should be applied 1 to 3 weeks in advance of expected bud break. Since compressed bloom can occur with the use of **EvenBreak** users are advised to have hives in orchards prior to initiation of bloom to insure adequate pollination. Compressed bloom and fruit set can also exacerbate nutritional deficiencies. The use of a fertility monitoring program is recommended. **EvenBreak** is not a substitute for chill hours and the desired uniformity in bloom and fruit set will not occur with this product unless minimum chill hours are met.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

STORAGE and DISPOSAL

STORAGE: Store in original containers only. Keep containers tightly closed when not in use. Store in a cool, dry well-ventilated area, preferably in a locked storage area away from children, feed and food products, and seed. Store at ambient temperatures. Do not contaminate water, food, or feed by storage or disposal. **DISPOSAL:** Do not reuse container. Plastic: Triple rinse (or equivalent), adding rinse water to spray tank, then offer for recycling at an ACRC site (go to <http://www.acecycle.org/> for locations) or by reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water, food, or feed by storage or disposal.

HANDLING: Avoid breathing fertilizer mists. Avoid prolonged or repeated skin contact. Avoid eye contact. Wash hands thoroughly after handling this product.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

BEFORE BUYING OR USING THIS PRODUCT, read the Directions for Use and the following Conditions of Sale and Limitation of Warranty and Liability. By buying or using this product, the buyer or user accepts the following Conditions of Sale and Limitation of Warranty and Liability, which no employee or agent of LOVELAND PRODUCTS, INC. or the seller is authorized to vary. LOVELAND PRODUCTS, INC. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, when the product is used in accordance with such Directions for Use under normal conditions of use.
