

SPECIMEN LABEL

ATTENTION:

This specimen label is provided for general information only.

This product may not yet be available or approved for sale or use in your area. It is your responsibility to follow all Federal, state and local laws and regulations regarding the use of this product. Before using this product, be sure the intended use is approved in your area. FBN Inputs, LLC does not guarantee the completeness or accuracy of this specimen label. The information found in this label may differ from the information found on the product label. You must read and follow the label found on the product.

Crop Oil Concentrate Spray Adjuvant

PRINCIPAL FUNCTIONING AGENTS

Paraffinic petroleum oil.....	83.0%
Polyol fatty acid esters, polyethoxylated derivatives thereof.....	17.0%
TOTAL.....	100.0%

Note: Ingredients exempt from tolerance under CFR 40 180
State Registration pending, where applicable

KEEP OUT OF REACH OF CHILDREN

WARNING

Hazard Statement: May be harmful if swallowed. Causes skin irritation. Harmful if inhaled. Causes serious eye irritation

Precautionary Statements:

Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves.

FIRST AID

If swallowed: Call a Poison Control Center or doctor/physician if you feel unwell. Rinse mouth.

If on skin: Remove contaminated clothing. Wash affected area with plenty of soap and water. Get medical attention if irritation persists.

If inhaled: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth.

If in eyes: Flush eyes with plenty of water. Call a physician if irritation persists.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers must wear: • Protective goggles or safety glasses • Long-sleeved shirt and long pants • Chemical-resistant gloves, such as barrier laminate, butyl rubber, nitrile rubber or viton • Shoes plus socks. Follow

SPECIMEN LABEL

manufacturer's instructions for cleaning PPE. If no such instructions exist, use detergent and hot water. Keep and wash PPE separately from other items.

GENERAL INFORMATION

FBN CROP OIL CONCENTRATE is an emulsifiable crop oil concentrate adjuvant containing surfactants, emulsifiers and phytobland paraffinic petroleum oil. It is designed to improve penetration of pesticide mixtures into leaf surfaces and retard evaporation loss of spray deposits. FBN CROP OIL CONCENTRATE is designed for use with herbicides, fungicides, insecticides, defoliants, desiccants, plant growth regulators, and other crop protection products where a crop oil concentrate is required or recommended, or where the spray mixture benefits from the addition of a crop oil concentrate.

Equipment hygiene and condition, environmental factors and sprayer calibration will affect the efficacy of spray mixtures that contain FBN CROP OIL CONCENTRATE. It may be necessary to periodically recalibrate the sprayer and adjust the adjuvant rate. When used according to the Directions for Use, FBN CROP OIL CONCENTRATE is compatible with most pesticides and fertilizers. Rates of FBN CROP OIL CONCENTRATE may vary with plant and environmental conditions at the time of application.

DIRECTIONS FOR USE

FBN CROP OIL CONCENTRATE may be used with agrochemicals and other products registered for agricultural, horticultural, turf, ornamental, industrial and non-crop uses. Prior to use, read all directions on this label and on the label of the product to be applied. Do not use where the pesticide label specifically prohibits the use of an adjuvant. If the pesticide label neither recommends nor prohibits an adjuvant, the applicator must have previous experience with the adjuvant/pesticide spray mixture under local conditions.

NOTE: Some pesticides or pesticide tank mix combinations may cause phytotoxicity to susceptible crops when used with adjuvants. Use caution at higher application rates on sensitive crops. It is recommended that the applicator, user, advisor or crop consultant have experience with the combination before adding FBN CROP OIL CONCENTRATE to spray mixes. Otherwise apply a small test area and check the results before widespread use. Exercise care when using FBN CROP OIL CONCENTRATE for the first time on new varieties or crops.

USE RATES

Ground Application

PER ACRE

1 – 4 pints per acre

(use higher rates where weeds are large or crop canopy is dense)

PER SPRAY TANK VOLUME

1 gallon per 100 gallons of water (1% v/v)

SPECIMEN LABEL

Air Application

4 - 8 ounces per acre, or ½ to 1 gallon per 100 gallons of water. Refer to pesticide label for minimum water volume per acre.

For ground or air, do not exceed 2.5% v/v concentration.

These rate recommendations are considered to be sufficient for most uses. Some pesticide labels may require higher or lower adjuvant rates. Read and follow the pesticide(s) label(s) and directions in such cases.

Note: Use a jar test to determine compatibility of tank mix components. Do not mix FBN CROP OIL CONCENTRATE with other adjuvants or crop protection products in undiluted form.

MIXING: Before using this product make sure spray equipment is clean and in proper working order, including tanks, lines, strainers and gauges. Follow all cleaning directions of the pesticide label. Fill spray tank one-half full with clean water and start agitation. Add pesticides in the following order, or as directed by the pesticide label: Dry flowables or water dispersible granules > Wettable powders > Flowables > Solutions > Emulsifiable concentrates. Continue filling. Add FBN CROP OIL CONCENTRATE last. Continue agitation.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage:

Keep this container tightly closed. Store above 25 degrees F. Store in original container. Do not allow water or other chemicals to be introduced into contents of container. Do not contaminate water sources with equipment wash water or spray disposal wastes. Do not store near feed or food products. Do not use or store near open flame. Do not store with ammonium nitrate or oxidizing agents.

Disposal:

Triple rinse container and pour rinsate into spray tank. Do not reuse container. Offer triple-rinsed container for recycling, or puncture & dispose of in a sanitary landfill or by other procedures approved by appropriate authorities. Contact the Ag Container Recycling Council for information on how to recycle this container. www.acrecycle.com

In the event of a major spill, fire or other emergency, call 1-800-424-9300.

CONDITIONS OF SALE AND WARRANTY

FBN Inputs, LLC warrants only that this product conforms to the product description on the label. Other than the foregoing Limited Warranty, this product is sold on an "as-is" basis. FBN Inputs, LLC disclaims to the fullest extent permitted by law, all other warranties of any kind, either express or implied, including, but not limited, to: the implied warranty of merchantability, the implied warranty of fitness for a particular purpose, that the use of this product will cause or result in any particular outcome, or the product's compatibility with other products. Some states do not allow limitations on how long an implied warranty lasts, so only portions of the above limitations may apply to user or buyer.

SPECIMEN LABEL

To the fullest extent permitted by law, under no circumstances and under no legal theory (including, without limitation, tort, contract, strict liability, or otherwise) shall FBN Inputs, LLC be liable to user or buyer for (A) any indirect, special, incidental, or consequential damages of any kind, including damages for lost profits or unrealized savings, crop loss, loss of yield, loss of goodwill, work stoppage, or (B) any amount, in the aggregate, in excess of the amount actually paid for this product, exclusive of taxes, shipping & handling, and any other applicable fees, or (C) any other matter. FBN Inputs, LLC further disclaims any liability for compensatory or other damages arising out of any use contrary to label directions. Some states do not allow the exclusion or limitation of certain damages, so only portions of the above limitations and exclusions may apply to user or buyer.
