

GUARANTEED ANALYSIS

Soluble Potash (K ₂ O).....	9.00%
Boron (B)	1.40%
Manganese (Mn)	0.40%
0.40% Chelated Manganese	

DERIVED FROM: Potassium Carbonate, Boric Acid, Manganese Sulfate, and Manganese EDTA.

WARNING: This fertilizer contains boron. Its use on any other plants or under any other conditions other than those specified on the label may result in plant injury.

KEEP OUT OF REACH OF CHILDREN

DANGER

Causes skin irritation. Causes serious eye damage.

PRECAUTIONARY STATEMENTS

Wash thoroughly after handling. Wear rubber or chemical-resistant gloves. Wear face protection.

FIRST AID

In all cases, call a poison control center or doctor for further treatment advice. **IF ON SKIN:** Wash with plenty of water. If skin irritation occurs: Get medical attention. Take off contaminated clothing and wash before reuse. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison control center or doctor.

For chemical spills, leaks, fire or exposure, call CHEMTREC: (800) 424-9300.

STORAGE AND DISPOSAL

Store in a safe manner. Store in original container only and keep tightly sealed when not in use. Store product and dispose of unused product and empty containers in accordance with federal, state and local regulations.

GENERAL INFORMATION

FOLI-GRO® ENDATE® is formulated primarily for foliar applications following blueberry harvest to prevent or correct potassium, manganese and boron deficiencies in blueberry plants. Its use is suggested as a supplement to sound soil fertility programs to help plants over-winter and improve bud set for the following season.

Application of FOLI-GRO ENDATE is a means of obtaining a quick response to needed elements. FOLI-GRO ENDATE may be particularly beneficial following harvest to reinvigorate stressed plants in preparation for winter dormancy.

FOLI-GRO ENDATE contains potassium which helps translocate sugars into the roots and aids in the formation of starches for storage. Potassium also aids in cold tolerance. FOLI-GRO ENDATE also contains boron, which plays an important role in the proper function of cell membranes, and manganese for aid in chlorophyll formation and nitrogen metabolism.

FOLI-GRO ENDATE should be used as part of a comprehensive Total Nutrition System® for optimizing plant growth, development, yield and quality.

DIRECTIONS FOR USE

FOLI-GRO ENDATE may be applied as a foliar spray by air or by ground. For foliar use, multiple applications are generally more effective than a single application. It is highly recommended that a tissue and/or soil analysis be used to determine specific application rates. Suggested rates are

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.htm>

per application per acre. For best results, make 2 applications at 7 to 14-day intervals following harvest.

TREE AND BRAMBLE FRUIT, NUT TREES, CRANBERRIES, BLUEBERRIES, AND OTHER FRUIT: Foliar: Apply 1-2 quarts per acre. Soil: Apply 1-4 quarts per acre.

FIELD AND ROW CROPS: Foliar: Apply 1-2 quarts per acre. Soil: Apply 1-4 quarts per acre.

AERIAL APPLICATIONS: Usually 3-5 gallons of water per acre is sufficient to apply the recommended amount of FOLI-GRO ENDATE. If less water is used, a slight burning of the foliage may occur. Aerial applications should not exceed 1 quart per gallon of water.

COMPATIBILITY

FOLI-GRO ENDATE is compatible with many co-applied nutrient sources as well as plant protection products. Always jar test new combinations for compatibility prior to field mixing.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of the product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS," AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Buyer and User accept all risks arising from any use of this product, including without limitation uses contrary to label instructions, under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

To the extent permitted by law, neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
