Total Nitrogen (N)	3.00%
2.00% Urea Nitrogen	
1.00% Other Water Soluble Nitrogen	
Soluble Potash (K ₂ O)	20.00%
DERIVED FROM: Triazone, Urea, Methylene Urea, Potassium Acetate, and Kelp (<i>Ascophyllum nodosum</i>).	

F2544

GENERAL INFORMATION

FOLI-GRO® KAP® is designed primarily for foliar applications to prevent or correct nutrient deficiencies in a wide range of plants. Its use is suggested as a supplement to a regular, balanced fertilizer program to enhance yields and improve quality.

Application of this product is a means of obtaining a quick response to needed elements. Foliar applications may be particularly beneficial during periods of peak nutrient demand, for crops grown on soils having poor nutrient availability or to crops suffering from a weakened root system.

It should be used as part of a comprehensive Total Nutrition System® for optimizing soil/nutrient conditions for plant growth, development, yield and quality.

DIRECTIONS FOR USE

FOLI-GRO KAP may be applied as a foliar spray by air, ground concentrate or dilute. Maintain agitation to provide uniform distribution within spray tank. Use of a high quality CPDA approved spreader at recommended rates to improve spray cover is usually advised. Do not apply when plants are under excessive heat or moisture stress.

Applications of foliar nutrients to leafy vegetables or soft-skinned fruit during periods of excessive temperatures may cause cosmetic injury. It is advised that this product be diluted with water at no less than 2 parts water to 1 part product.

Timing of treatments should be based on crop nutrient demand, prevailing environmental conditions, plant tissue analysis data or other information that indicates a need for fast-acting, supplemental nitrogen or potassium.

FIELD AND ROW CROPS: Apply 1-4 quarts per acre before crops attain full canopy and then 2-8 quarts per acre as needed.

VEGETABLE CROPS: Apply 1-4 quarts per acre for most vegetable crops. Rates as high as 5 gallons per acre may be used on crucifers.

CITRUS: Apply 1-10 gallons per acre as needed. It is advised that for citrus applications, this product should be diluted with water at no less than 10 parts water to 1 part FOLI-GRO KAP.

DECIDUOUS FRUIT AND NUT CROPS (Excluding Apples and Pears): Apply 1-1.5 gallons per acre from bud swell to early bloom, 1-2 gallons post-bloom to pre-harvest, and 2-5 gallons post-harvest to leaf drop.

APPLES AND PEARS: Not for use in-season on bearing orchards. For post-harvest use in bearing orchards up to 10 gallons per acre may be used. May cause some leaf desiccation. May be used in-season on non-bearing orchards at 1-5 gallons per acre.

GRAPES: Apply 1-2 gallons per acre as needed. Rates as high as 5 gallons per acre may be used post-harvest.

OLIVES: Apply 1-3 gallons per acre as needed.

COMPATIBILITY: FOLI-GRO KAP is compatible with many co-applied nutrient sources as well as crop protection chemicals. Proposed mixtures should be evaluated in a jar test before full scale use. Care should be taken not to blend this product with highly acidic materials. Consult your local Wilbur-Ellis representative for further information.

PRECAUTIONARY STATEMENTS

KEEP OUT OF REACH OF CHILDREN

Based on currently available data, this product is not classified as a GHS hazardous substance. However, observe good industrial hygiene practices. Wash hands after handling. Refer to the Safety Data Sheet if first aid instructions are needed.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Store in original container only and keep tightly sealed when not in use. Store away from incompatible materials. Dispose of contents/container in accordance with federal, state and local regulations.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of the product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS," AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Buyer and User accept all risks arising from any use of this product, including without limitation uses contrary to label instructions, under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

To the extent permitted by law, neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
