INHABIT: BUILD

GCS Inhabit: Build is a soil-applied product intended to provide humic acid to crops for the purposes of improving soil quality and nutrient transport, and supplementing a fertilizer program.

GCS Inhabit: Build will not, by itself, constitute a complete fertilizer program or provide all nutrients typically required by agricultural crops.

GUARANTEED ANALYSIS

Total Humic Acid (HA)......16.00%*
*Analyzed using Colorimetric method

PRODUCT DERIVED FROM

Oxidized Leonardite

DIRECTIONS FOR USE

Apply GCS Inhabit: Build when a need is identified following soil analysis.

Soil banded, injected, side dress, drip tape, or micro sprinklers Field Crops: Apply up to 1 gallon of GCS Inhabit: Build per acre. Tree or Vine Crops: Apply up to 2 gallons of GCS Inhabit: Build per acre.

Sprinklers: solid set, drag lines, linear, or pivot @ 100% speed Field Crops: Apply up to 2 gallons of GCS Inhabit: Build per acre. Tree or Vine Crops: Apply up to 4 gallons of GCS Inhabit: Build per acre.

Soil broadcast spray incorporated, flood or furrow irrigated Field Crops: Apply up to 4 gallon of GCS Inhabit: Build per acre. Tree or Vine Crops: Apply up to 8 gallons of GCS Inhabit: Build per acre.

GCS Inhabit: Build will provide the best results when the application is concentrated in the active root zone or when applied direction to the soil following a shallow cultivation.

Do not apply GCS Inhabit: Build during the hottest time of the day or to plants under stress from drought or flood.

For best results and maximum bioactivity, moisture is required. Use irrigation to provide moisture if soil is dry.

Application timing, intervals, and rates may vary according to individual crop requirement, stage of plant development, available nutrient levels in the soil, and overall nutritional status of the crop. Apply as often as every 15 to 30 days, as needed.

Use caution when adding this product to high analysis/multi-nutrient solutions, highly acidic or basic solutions, or unstable suspensions.

Use only in case of a recognized need. This product is designed to be applied solely by soil application.

GCS Inhabit: Build can be applied in combination with other products, including compatible plant growth regulators, pesticides, or other liquid nutrients.

When applying this product with granular fertilizer, if relative humidity levels are over 80%, apply the granular directly to the field immediately after treating it with GCS Inhabit: Build, without allowing the product to sit, to avoid product clumping. For best results, incorporate liquids or granules into the soil mechanically or with proper irrigation.

Do not exceed the recommended application rate for this product. Do not apply this product undiluted. Jar testing is recommended before use in the event compatibility is in question.

SHAKE WELL BEFORE USE

This product appears as a dark black, brown liquid, which is alkaline and with no characteristic odor.

KEEP OUT OF REACH OF CHILDREN

DANGE

The liquid and mists are corrosive to all tissues contacted. Inhalation of mist can cause permanent lung damage. Moderately toxic by ingestion. This product may react vigorously with acids and other substances.

This product should be kept out of reach of children and animals. Do not eat.

Do not transfer into food or beverage containers. Triple rinse this container when empty prior to recycling. Always dispose of containers in accordance with all locate, state, and federal regulations.

Information concerning the contents and levels of metals in this product is available online at http://www.aapfco.org/metals.html

Mist inhalation may result in irritation of the entire respiratory tract.

Ingestion of this product may result in gastrointestinal irritation.

Respiratory protection is not normally required. If use produces mists or aerosols that may cause irritation, a NIOSH approved half mask or full facepiece respirator equipped with a good mist / particulate cartridge or supplied air is recommended. Wear chemical goggles (recommended by ANSI Z87.1-1979), unless a full facepiece respirator is worn. Wear Neoprene, Nitrile, Butyl Rubber or Natural Rubber gloves, and a Neoprene, Nitrile, Butyl Rubber or Natural Rubber apron when handling this product.

STORAGE AND SAFETY

Do not store this product below $50^{\circ}F$ ($10^{\circ}C$) or above $90^{\circ}F$ ($30^{\circ}C$).

LIMITED WARRANTY, DISCLAIMER AND LIMITATION OF DAMAGES

GCS, LLC warrants only that this product conforms to the product description on the label. Other than the foregoing Limited Warranty, this product is sold on an "as-is" basis. GCS, LLC disclaims to the fullest extent permitted by law, all other warranties of any kind, either express or implied, including, but not limited, to: the implied warranty of merchantability, the implied warranty of fitness for a particular purpose, that the use of this product will cause or result in any particular outcome, or the product's compatibility with other products. Some states do not allow limitations on how long an implied warranty lasts, so only portions of the above limitations may apply to user or buyer. To the fullest extent permitted by law, under no circumstances and under no legal theory (including, without limitation, tort, contract, strict liability, or otherwise) shall GCS, LLC be liable to user or buyer for (A) any indirect, special, incidental, or consequential damages of any kind, including damages for lost profits or unrealized savings, crop loss, loss of yield, loss of goodwill, work stoppage, or (B) any amount, in the aggregate, in excess of the amount actually paid for this product, exclusive of taxes, shipping & handling, and any other applicable fees, or (C) any other matter. GCS, LLC further disclaims any liability for compensatory or other damages arising out of any use contrary to label directions. Some states do not allow the exclusion or limitation of certain damages, so only portions of the above limitations and exclusions may apply to user or buyer.
