LIMITED WARRANTY, DISCLAIMER AND LIMITATION OF DAMAGES

GCS, LLC warrants only that this product conforms to the product description on the label. Other than the foregoing Limited Warranty, this product is sold on an "as-is" basis. GCS, LLC disclaims to the fullest extent permitted by law, all other warranties of any kind, either express or implied, including, but not limited, to: the implied warranty of merchantability, the implied warranty of fitness for a particular purpose, that the use of this product will cause or result in any particular outcome, or the product's compatibility with other products. Some states do not allow limitations on how long an implied warranty lasts, so only portions of the above limitations may apply to user or buyer. To the fullest extent permitted by law, under no circumstances and under no legal theory (including, without limitation, tort, contract, strict liability, or otherwise) shall GCS, LLC be liable to user or buyer for (A) any indirect, special, incidental, or consequential damages of any kind, including damages for lost profits or unrealized savings, crop loss, loss of yield, loss of goodwill, work stoppage, or (B) any amount, in the aggregate, in excess of the amount actually paid for this product, exclusive of taxes, shipping & handling, and any other applicable fees, or (C) any other matter. GCS, LLC further disclaims any liability for compensatory or other damages arising out of any use contrary to label directions. Some states do not allow the exclusion or limitation of certain damages, so only portions of the above limitations and exclusions may apply to user or buyer.

GUARANTEED ANALYSIS CONTAINS NON-PLANT FOOD INGREDIENTS

Active Ingredient:..... < 1.0% by wt.

Bradyrhizobium japonicum 3x10⁹ CFU/g

Inactive Ingredients:..... > 99.0% by wt.

DIRECTIONS FOR USE

Use GCS Inject N for Soybeans only to inoculate the legume(s) designated on this package.

Use before the expiration date marked on the package. Label seed with the same expiration date if intended for resale.

ON SEED APPLICATION

Ensure treater has been cleaned and properly calibrated prior to use.

Shake bladder before opening for use.

Apply at a rate of 1.75 fl. oz. per 50 pounds (22.7 kg) of seed or 1.75 fl. oz. per 140,000 seeds based upon 3,000 seeds per lb. of soybean seed. Adjust fluid ounces for other seed counts.

Apply recommended rate directly onto the seed and mix until all seed are covered.

IN-FURROW APPLICATION

Shake product container bladder before opening for use. Calculate feet of row to be planted based on acres and row width.

Dilute 87.5 fl oz of GCS Inject N for Soybeans per 10 gallons of clean, non-chlorinated water at 30 inch row width. Apply at a rate of 70 fl oz per 1000 feet of row.

Do not apply banded to the side, below, or above the seed; apply to the seed trench only.

NOTE: Higher rates of water per acre may be used, but user must also adjust volume of GCS Inject N for Soybeans per gallon of water.

For best results, please ensure proper agitation or circulation of liquid in-tank and use the mix within 24 hours.

SHAKE WELL BEFORE USE

KEEP OUT OF REACH OF CHILDREN

STORAGE AND SAFETY

Store in a cool, dry place out of direct sunlight.

Please prevent this product from freezing.

Store between 40°F and 77°F (4.4°C and 25°C).

Open package only when ready to use.

Do not store product in an area to be fumigated. Small amounts of product which cannot be used according to the label instruction may be disposed of in a landfill.

This product does not meet the hazardous criteria set forth by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

Read all label directions carefully before using this product. Use standard protective clothing and equipment including gloves, safety glasses and a NIOSH or MSHA approved nuisance dust mask during product handling and storage. See product SDS for additional health and safety information.

This product contains live organisms that are sensitive to chemicals and harsh environmental conditions.

Use prior to expiration date.

Do not allow product or packaging to become wet, or exposed to high humidity.
