

% BY WT.

PRINCIPAL FUNCTIONING AGENTS:

Paraffin base oil, Sorbitol fatty acid alkoxyates, Alkyl ethoxyates..... 98.00%
 Constituents ineffective as spray adjuvants..... 2.00%
 Total..... 100.00%

Surfactant Content.....37.9%

Unsulphonated Residue (UR) value.....min. 92%

HIGH LOAD meets industry criteria for a “high load crop oil concentrate”

KEEP OUT OF REACH OF CHILDREN

WARNING

Combustible liquid. Causes serious eye irritation. Causes skin irritation.

PRECAUTIONARY STATEMENTS

Keep away from heat, sparks, open flames, and hot surfaces. No smoking. Wash thoroughly after handling. Wear rubber or chemical-resistant gloves, eye protection and face protection.

In case of fire: Use water fog, foam, dry chemical powder or CO2 to extinguish.

FIRST AID	
If in eyes:	<ul style="list-style-type: none"> •Rinse cautiously with water for several minutes. •Remove contact lenses, if present and easy to do. Continue rinsing. •If eye irritation persists: Get medical attention.
If on skin:	<ul style="list-style-type: none"> •Wash with plenty of water. •If skin irritation occurs: Get medical attention. •Take off contaminated clothing and wash before reuse.
If swallowed:	<ul style="list-style-type: none"> •Rinse mouth. •Call a doctor or poison control center if symptoms occur or you feel unwell.
If inhaled:	<ul style="list-style-type: none"> •Move person to fresh air and keep comfortable for breathing. •Call a doctor or poison control center if symptoms occur or you feel unwell.
<p>Note to the Physician: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.</p> <p>Have the product container with you when calling a poison control center or doctor, or going for treatment. You may also contact EMERGENCY TELEPHONE NUMBERS:</p> <p>(800) 424-9300 CHEMTREC (transportation and spills) (800) 222-1222 POISON CONTROL CENTER (human health) (888) 426-4435 ASPCA (animal health)</p>	

GENERAL INFORMATION

HIGH LOAD® is a nonionic emulsifiable crop oil concentrate blend designed for use with agricultural herbicides, insecticides, fungicides, PGRs, and defoliants. It combines the deposition, penetration and evaporation reduction properties of a crop oil concentrate with improved coverage and spreading. The efficacy of HIGH LOAD and the effects of the spray application may be affected by various environmental factors and the condition, operation and calibration of the sprayer. When used according to the directions for use, HIGH LOAD is compatible with most pesticides and fertilizers.

HIGH LOAD is a concentrated formulation of a crop oil concentrate. The higher concentration enables HIGH LOAD to be used at a significantly lower rate than a conventional crop oil concentrate, while providing comparable performance.

NOT FOR AQUATIC USE.

DIRECTIONS FOR USE

GROUND APPLICATION:

FUNGICIDES, HERBICIDES, INSECTICIDES, and PGRs: Use 2-8 pints per 100 gallons of water. The minimum use rate is 8 fl. oz. per acre. For general purpose wetting and penetration use 4 pints per 100 gallons of water (0.5% v/v). Use higher rates in difficult wetting situations such as mature, hardened-off weeds or dense foliage.

COTTON DEFOLIANTS: Use 4-6 pints per 100 gallons of water.

AIR APPLICATION:

Do not substitute HIGH LOAD for water required on the pesticide label.

COTTON DEFOLIANTS AND HERBICIDES: Use 8 fl. oz. per acre.

FUNGICIDES - PLANT HEALTH PROGRAMS: Use 8 fl. oz. per acre, or as specified by the pesticide label.

INSECTICIDES: Use 4-8 fl. oz. per acre.

Shake well before use. Fill tank one-half full with water. Add AMS, if required, then add pesticides, then add fertilizer. Be sure to allow sufficient time for the AMS and dry flowable formulations to solubilize. Add HIGH LOAD last and continue agitation while filling the tank with the remaining water. Continue agitation until completion of spraying.

IMPORTANT:

Read and follow the pesticide label directions. Do not use where the pesticide label specifically prohibits the use of an adjuvant. The addition of an adjuvant may increase the risk of phytotoxicity to certain susceptible crops, especially during periods of high humidity or other conditions, which may increase the activity of spray solutions. If the pesticide label neither recommends nor prohibits an adjuvant, the applicator must have previous experience with the adjuvant/pesticide spray mixture or should apply a small test area before making large scale applications. Care should be exercised when using on new varieties or crops not previously treated with HIGH LOAD.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal or cleaning of equipment.

PRODUCT STORAGE: Store in a cool, well-ventilated place. Store in original container only and keep tightly closed. Store in closed storage areas. To avoid product degradation and equipment corrosion, do not use iron, copper or aluminum containers or equipment.

PRODUCT DISPOSAL: Dispose of contents in accordance with all government regulations. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of federal law. Wastes resulting from the use of this product may be disposed of onsite or at an approved waste disposal facility.

CONTAINER HANDLING: Dispose of container in accordance with all government regulations. Triple rinse (or equivalent), then offer for recycling, if available, or reconditioning, if appropriate. Alternatively, puncture and dispose of the container in a sanitary landfill, or by other procedures approved by state and local authorities. Recycling cleaned containers is the best option of container disposal. The ACRC (Agricultural Container Recycling Council) operates a national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at www.acrecycle.org.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

ALL STATEMENTS MADE HEREIN ARE SUBJECT TO APPLICABLE LAW, AND TO THE EXTENT THERE IS ANY INCONSISTENCY OR CONTENTION, APPLICABLE LAW SHALL GOVERN.

The Directions for Use of the product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS," AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE BEYOND WHAT IS STATED ON THE LABEL. Buyer and User accept all risks arising from any use of this product, including without limitation, uses contrary to label instructions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

Neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT,

SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted, unless otherwise required by the law of the state of purchase, in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
