

HighMark®

HIGH SURFACTANT OIL CONCENTRATE

Principal Functioning Agents:

Paraffinic Base Petroleum Oil.....	60%
Polyol Fatty Acid Esters, Polyethoxylated Derivatives	40%
TOTAL	100%

KEEP OUT OF REACH OF CHILDREN

WARNING

Precautionary Statements: Combustible liquid. Causes skin irritation. Causes serious eye irritation. Toxic to aquatic life. Keep away from heat / sparks / open flames / hot surfaces. No smoking. Wash Hands thoroughly after handling. Avoid release to the environment. Wear protective gloves/protective clothing/eye protection/face protection. **Environmental Precautions:** Prevent further leakage or spillage if safe to do so. Do not contaminate water. Do not allow to enter drains, sewers, or watercourses.

Personal Protective Equipment: Wear long-sleeved shirt and long pants, socks, shoes and gloves.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT CALL: 1-866-944-8565.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PRODUCT INFORMATION

HighMark® is a highly concentrated blend of surfactants and paraffinic oil. It is designed for use with a broad range of pesticides where a crop oil concentrate adjuvant is recommended. HighMark increases contact activity and penetration of the spray while also providing uniform coverage on leaf surfaces. Always follow herbicide label recommendations. Care should be taken in treating sensitive crops during drought stress, high temperatures and high humidity.

NET CONTENTS:

- 275 GL (1040.9 L)

Loveland Products, Inc. • PO Box 1286 • Greeley, CO 80632-1286

DIRECTIONS FOR USE

Mixing: Shake well before using. To prepare for pesticide application fill spray tank one-half full with water and begin agitation. Add pesticide or fertilizer as recommended and then add HighMark while continuing agitation. Continue to agitate until tank is full and agitate before and during each application. Recirculate bulk if stored below 32°F.

HighMark should be applied at a rate of 4 pints per 100 gallons or 0.5% v/v in ground, aerial, low volume or CDA applications. If conventional crop oil concentrate is recommended at a rate of 1 quart per acre replace with HighMark at a rate of 1 pint per acre. HighMark rates are generally one half the rate of conventional crop oil concentrates. The above recommendations are adequate for most uses. However, some pesticides may require different adjuvant rates. When this occurs, follow the pesticide label directions. Environmental conditions, equipment condition, crop health, pest infestation levels, and the accurate operation of spray machinery can influence the effects of the pesticide and the spray application itself. Therefore, it is recommended that adjuvant concentrations be adjusted based on careful observation of spray deposits.

Conventional Crop Oil Concentrate Label Rates	HighMark Equivalent Rates
1 quart per acre	1 pint per acre
1 gallon per 100 gallons	4 pints per 100 gallons
2-4 quarts per 100 gallons	2-4 pints per 100 gallons
1-2 gallons per 100 gallons	4-8 pints per 100 gallons

Note: For ground applications with spray volumes below 12.5 gallons per acre, use HighMark at 1 pint per acre.

Note: For ground applications do not add this product at a rate which exceeds 2.5% of the finished spray volume.

Note: HighMark may be used at 0.5 pint per acre by air with insecticides or fungicides.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Store tightly closed in the original container. Do not add anything else to the container. Do not store near oxidizing agents.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Dispose of content/container on-site or at an approved waste disposal facility. Triple rinse (or equivalent) adding rinse water to spray tank. Offer container for recycling or dispose of container in sanitary landfill, or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrecycle.org.
