IMPEL™

COPPER

Net Content: 2.5 Gallons (9.46 liters)

Density: 9.58 lbs/US gal @ 68° F

Net Weight: 23.96 lbs (10.87 kg)

KEEP OUT OF REACH OF CHILDREN

WARNING

Shake well before using. Read entire label before use.

IMPEL™

COPPER

GENERAL INFORMATION: IMPEL™ Copper is a seed treatment and foliar applied micronutrient solution of Copper and is designed to resolve Copper deficiencies in all crops.

DIRECTIONS FOR USE: IMPEL Copper should be used based on soil and tissue analyses in accordance with the recommendation of a qualified person or such as a certified crop consultant, agronomist, or a university crop extension publication.

General application rate is 1 quart/acre.

EQUIPMENT: Brass, copper and galvanized metals may be subject to mild corrosion from prolonged or repeated contact with this product.

COMPATIBILITY: IMPEL Copper can be applied alone or with other compatible spray materials. Ammonium polyphosphate fertilizers tend to be more compatible than orthophosphate types. Including some polyphosphate in the mixture often improves compatibility of orthophosphates.

Proposed mixtures should be evaluated in a jar test before full scale use. Fertilizer based mixtures that also contain pesticides should be sprayed as soon as possible.

NOTE: When combining IMPEL Copper with phosphate fertilizers vigorous agitation is required for good product mixing.

STORAGE AND DISPOSAL: Avoid exposure. Product is stable, non-flammable and non-explosive. **DO NOT FREEZE.** If spillage occurs, soak up with an inert substance. Dispose of this product in accordance with federal/state/county regulations. Store this product in a tightly closed original container in a well-ventilated place.

WARRANTY AND CONDITIONS OF SALE: Seller's guarantee shall be limited to the terms set out on the label and subject thereto. Buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

Information regarding the contents and level of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>

GUARANTEED ANALYSIS

Total Nitrogen (N) 7.00% Ammoniacal Nitrogen	7.00 %
Available Phosphate (P₂O₅)	16.00 %
Copper (Cu) 4.00% Water Soluble Copper	4.00 %
Derived from: Ammonium Phosphate and Copper Phosphate	

KEEP OUT OF REACH OF CHILDREN WARNING

Avoid breathing mists. Harmful if swallowed. Avoid contact with skin, eyes or clothing.

FIRST AID:

If in eye: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Shake well before using.
Read entire label before use.
