PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed, absorbed through skin or inhaled. Avoid contact with eyes, skin or clothing. Avoid breathing vapor or spray mist. Remove contaminated clothing before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. In addition, follow precautionary statements on labels of the accompanying pesticides(s).

Personal Protective Equipment: Wear long-sleeved shirt and long pants, socks, shoes and gloves.

FIRST AID

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.

FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT CALL 1-866-944-8565.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

ENVIRONMENTAL HAZARDS

Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

GENERAL INFORMATION

INFUSE® is an adjuvant designed to be used with pre-plant and pre-emergence pesticides. **INFUSE** will enhance coverage, deposition and improve absorption of spray mixture on the soil. Soil type will have an effect on the degree of soil penetration. **INFUSE** may be used with pesticide and/or fertilizer mixtures.

DIRECTIONS FOR USE

FOR USE WITH PRODUCTS REGISTERED FOR: AGRICULTURE, AQUATIC, FORESTRY, INDUSTRIAL, MUNICIPAL, NON CROPLAND, ORNAMENTAL, RIGHTS-OF-WAY, TURF AND OTHER USES

The addition of additives to some pesticides, fertilizers, and tank mixes may cause phytotoxicity to the foliage and/or fruit of susceptible plants. Prior to the addition of **INFUSE** to fertilizers and pesticides where the addition of surfactants is not specifically recommended but not prohibited by the manufacturer, the user or application advisor must have experience with the combination or must have conducted a phytotoxicity trial.

Fill spray tank 1/2 full with water and begin agitation. Add pesticides as directed by label, while maintaining agitation. After pesticides are thoroughly mixed, add **INFUSE** at recommended rate. Some pesticides have stated adjuvant use rates. In all cases, the pesticide manufacturer's label should be consulted regarding specific adjuvant use recommendations and that rate should be followed. Do not add adjuvant at a level that would exceed 5% of the finished spray volume.

*For ground applications of **INFUSE** with ground applied pesticides, use 1-4 pints per acre in 5-30 gallons of spray.*

*For aerial applications of **INFUSE**, use 6-16 oz/acre. A minimum of 1.0% by volume is recommended for aerial and low volume spray applications.*

CAUTION: Do not mix oxidizing agents unless oxidizing agents are in solution.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Store in original container. Keep container tightly closed. Do not reuse empty container.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Wastes may be disposed of on-site or at an approved waste disposal facility. Triple rinse (or equivalent) adding rinse water to spray tank. Offer container for recycling or dispose of container in sanitary landfill, or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrecycle.org
