

# INNVICTIS TANK CLEANSER

## PRINCIPAL FUNCTIONING AGENTS:

Anionic and Nonionic Surfactants, Sequestering Agents and Other Functional  
Ingredients..... 100%

**TOTAL**..... 100%

All ingredients are exempt from tolerance under 40 CFR 180.

**KEEP OUT OF REACH OF CHILDREN**

**WARNING**

**NET CONTENTS: 1 GALLON (3.785L)**

**Distributed By:**  
INNVICTIS CROP CARE, LLC  
1220 West Ash, Suite B  
Windsor, CO 80550

316150-3000

Eye contact with product may cause burns and irritation. Avoid eye contact with product at all times. Effects of skin contact may include burns and irritation. Avoid prolonged and unnecessary skin contact with product. May cause burning pain in mouth, throat and abdomen and coughing and constriction of the throat, followed by nausea, vomiting, and diarrhea. Do not taste or swallow product. Not expected to be an inhalation hazard, but may cause irritation to some individuals.

### FIRST AID

Call a poison control center or doctor immediately for treatment advice.

**If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Have the product container with you when calling a poison control center or doctor, or going for treatment.

**If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

**If Swallowed:** Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

### GENERAL INFORMATION

INNVICTIS PREMIUM TANK CLEANSER is a powerful superior grade spray tank cleaner. INNVICTIS PREMIUM TANK CLEANSER will clean, rinse and emulsify pesticide and adjuvant residues and bond them to the rinse solution to allow for complete rinsing and system purging with ordinary water. INNVICTIS PREMIUM TANK CLEANSER is tolerant to hard water that causes spray tanks to accumulate high levels of residue. INNVICTIS PREMIUM TANK CLEANSER is soluble and compatible with most spray tank materials. INNVICTIS PREMIUM TANK CLEANSER solubilizes acid residues of pesticides, preparing the spray tank for the use of other products. Solubilization of residue spray materials will prevent damage from occurring to non-target plants.

### DIRECTIONS FOR USE

• Large Volume Sprayers:

INNVICTIS PREMIUM TANK CLEANSER is effective at dilution rates up to 1:400. One quart of INNVICTIS PREMIUM TANK CLEANSER will treat up to 100 gallons of water. Adjust the dilution rate as needed for individual conditions. Each cleaning situation will vary and adjustments will be necessary. Be certain to circulate INNVICTIS PREMIUM TANK CLEANSER treated solution through the spray system for 5-10 minutes. Use a high pressure sprayer or hose to rinse all interior areas and spray tank walls. Purge hoses,

spray lines and nozzles for approximately one minute. After cleaning, drain system and rinse all tank and spray areas. • Hand-Held and Back-Pack Sprayers: Use approximately one ounce of INNVICTIS PREMIUM TANK CLEANSER per gallon of water, agitate thoroughly, drain and follow with a clean water rinse.

Special precaution and rinsate testing: The use of INNVICTIS PREMIUM TANK CLEANSER or other Tank Cleaners does not guarantee removal and neutralization of all residues. Some pesticides, such as 2, 4-D and dicamba, may leave persistent or hard-to-remove residues. Many variables exist which make consistent tank cleaning difficult (i.e., water quality, use of cleaning equipment, quantity and type of residue, age and condition of spray tank, spray lines, nozzles etc.). In order to ensure that all residues have been removed, apply a sample of the rinse water to sensitive plants (tomato, cotton, ornamentals, etc.) and after sufficient time, observe for wilting or severe stress. If stress occurs, repeat cleaning process and retest as above. \* INNVICTIS PREMIUM TANK CLEANSER is DuPont and Syngenta tested and approved.

### STORAGE AND DISPOSAL

**STORAGE:** Do not contaminate water, food or feed by storage and disposal. Protect From Freezing. Store above 32° F (0°C). Do not store near strong oxidizing materials, acids, chlorine. Do not reuse empty container.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent) adding rinsate to mix tank. Decontaminated containers may be disposed of in a sanitary landfill or by recycling. Recycling is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org).

### Warranty Statement

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
