FOR PROFESSIONAL USE ONLY

WILBUR-ELLIS®

Ideas to Grow With™

GUARANTEED ANALYSIS

Total Nitrogen (N) ..... 1.00%
1.00% Urea Nitrogen
Soluble Potash (K2O) ..... 23.00%
Sulfur (S) ..... 15.00%

DERIVED FROM: Potassium Carbonate, Potassium Thiosulfate and Urea.

ALSO CONTAINS NON-PLANT FOOD INGREDIENT:
0.40% Humic Acids derived from Leonardite.

Information regarding the contents and levels of metals in this product is available on the Internet at http://www.aapfco.org/metals.html

KEEP OUT OF REACH OF CHILDREN PRECAUTION

Do not ingest. Avoid breathing dust, vapor or mist. Avoid contact with eyes, skin or clothing. Wash hands and affected areas thoroughly with soap and water after handling.

FIRST AID

IF SWALLOWED: Rinse mouth. Call a doctor or poison control center if symptoms occur or you feel unwell. IF INHALED: Move person to fresh air and keep comfortable for breathing. Call a doctor or poison control center if symptoms occur or you feel unwell. IF IN EYES: Rinse with water for several minutes. Remove contact lenses, if present, then continue rinsing. Call a doctor or get medical attention if irritation occurs and persists. IF ON SKIN: Wash off with soap and water. Call a doctor or get medical attention if irritation occurs and persists.

For chemical spills, leaks, fire or exposure, call CHEMTREC: (800) 424-9300 or Poison Control Center: (800) 222-1222.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Store in a safe manner. Store in original container only and keep tightly sealed when not in use. Dispose of unused product and empty containers in accordance with federal, state and local regulations.

GENERAL INFORMATION

- High potassium enhances resistance to drought and disease
• Contains humic acids

LINK® K23 is a prescription-formulated foliar fertilizer providing efficient plant uptake, rapid plant response and excellent plant safety. Nutrients contained in LINK K23 are readily available when applied to plant foliage or directly to the soil. LINK K23 is designed primarily for foliar applications to prevent or correct potassium deficiencies in turf and a wide range of ornamental plants. LINK K23 should be used as part of a comprehensive Total Nutrition System® for optimizing plant growth, development and quality.

Application of LINK K23 is a means of obtaining a quick response to needed plant nutrients and beneficial elements. Foliar applications of LINK K23 may be particularly beneficial during periods of peak nutrient demand, for plants grown on soils having poor nutrient availability, for plants suffering from a weakened root system or for other plant stresses. A LINK K23 nutrition program improves turf nutrition and vigor, leading to increased photosynthesis and enhanced resistance to drought stress. LINK K23 improves water penetration and is non-phytotoxic when used as directed.

LINK products are formulated specifically for the professional market including greenhouse, field and container-grown nursery, sports turf, golf, lawn care, and landscape managers.

DIRECTIONS FOR USE

When applying LINK K23, maintain agitation to provide uniform distribution within spray tank. If a spreader is desired or recommended in the mix, use a high quality CPDA approved spreader, such as DENALI-EA™ or RAINIER-EA®, at recommended rates to improve spray coverage. Do not apply when plants are under excessive heat or moisture stress.

TURFGRASS

Greens and Tees: Apply 4-10 ounces per 1,000 sq. ft. with sufficient water to prevent tip burn (1-2 gallons). Repeat as needed. Corresponding rates per acre are 1.5-3.5 gallons per acre in 40-80 gallons of water.

Fairways and Lawns: Apply 5-24 ounces per 1,000 sq. ft. with sufficient water to prevent tip burn (2-4 gallons). Repeat as needed. Corresponding rates per acre are 1.75-8 gallons per acre in 80-160 gallons of water.

K2O CONVERSION RATE:

Table with 2 columns: Pounds of K2O per 1,000 sq. ft. and Amount of LINK K23 to apply per 1,000 sq. ft. Rows: 0.10 pound (5 ounces), 1.00 pound (50 ounces)

ORNAMENTALS

FOLIAR SPRAY RATES:

Herbaceous Plants: Apply 1-2 quarts per 100 gallons of water and spray to runoff. Repeat as necessary.

Trees and Shrubs: Apply 2-4 quarts per 100 gallons of water and spray to runoff. Repeat as necessary.

INJECTION RATES: Apply at a rate of 50-200 ppm of K2O.

PPM OF K2O CONVERSION RATE: For 100 ppm of K2O, prepare a stock solution by mixing 5 gallons of LINK K23 in 50 gallons of water and inject stock solution at a ratio of 1:325.

COMPATIBILITY

LINK K23 is compatible with most liquid plant protection products. Always jar test new combinations for compatibility prior to field mixing. PRECAUTION: The application rates listed are guidelines only to be used in the development of your nutrient management plan. The rates may not apply to your local growing conditions. Test this product before use under your local growing conditions, application methods and desired rates. Adjust irrigation volume and frequency to maintain appropriate soluble salt levels.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of the product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS;" AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Buyer and User accept all risks arising from any use of this product, including without limitation uses contrary to label instructions, under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

To the extent permitted by law, neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
