CAUTION

KEEP OUT OF REACH OF CHILDREN; MAY BE HARMFUL IF SWALLOWED, INHALED OR IN CONTACT WITH SKIN; MAY CAUSE EYE IRRITATION. MAY CAUSE DAMAGE THROUGH PROLONGED EXPOSURE.

PRECAUTIONS:

Do not breathe dust/fume/gas/mist/vapors/spray. Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in well-ventilated area. Avoid release to environment. Wear protective gloves/protective clothing/eye protection/face protection. Keep container tightly closed. Keep cool and protected from sunlight.

If medical advice is needed, have product container or label at hand. For more details regarding the safe use/handling, storage, and disposal of this product as well as additional hazards and first aid measures, please obtain the current Safety Data Sheet at www.stollerusa.com.

STORAGE AND DISPOSAL

We recommend storing pails a maximum of three pails high. Do not stack pallets. Store container tightly closed in a cool/well-ventilated dry place protected from sunlight above 40°F. Do not allow container to freeze. Store locked up. DISPOSE of contents/container at a permitted facility or as advised by your local regulatory authority. Do not contaminate water, food or feed by storage or disposal. Do not apply directly to areas where surface water is present, or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment wash water. Do not reuse empty container.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html>

Always read and follow label instructions.

GENERAL INFORMATION

NATUR'L OIL is a unique blend of special emulsifiers and 93% soybean oil. It is a non-ionic surfactant. It is compatible with most herbicides, insecticides, fungicides, growth regulators and defoliant. **NATUR'L OIL** may be used as a non-ionic surfactant replacing petroleum based crop oils, as an anti-evaporant mixed with water (6% to 15% v/v), or as the sole diluent in compliance with label directions. **NATUR'L OIL** can be used in preplant, pre-emerge or post-emerge herbicide sprays to maximize weed control. **NATUR'L OIL** reduces pesticide volatilization and photodecomposition, thereby allowing effective incorporation in the shallow one to two inch germination zone. **NATUR'L OIL** increases leaf penetration and translocation of herbicides.

NATUR'L OIL can be used directly as a diluent for synthetic pyrethroids labeled for ULV application with oil. Spray volumes as low as one quart per acre are commonly used on vegetables and field crops. **NATUR'L OIL** enhances the activity of fungicides in conventional spray volumes and has the advantage of little or no phytotoxicity. It may be used with fungicides on fruit trees, vines, vegetable and field crops. **NATUR'L OIL** can be applied with defoliant and desiccants to obtain more thorough wetting and absorption. Chlorate defoliant, the organophosphates and Paraquat are standard harvest aids that may be applied with **NATUR'L OIL** to accelerate leaf drop to make harvesting easier, cleaner and faster. **NATUR'L OIL** aids effective herbicide application with fertilizers. Use **NATUR'L OIL** with soil applied fertilizers to reduce herbicide evaporation and photodecomposition during application and tillage and to eliminate the need for deep incorporation. **NATUR'L OIL** helps control dust in dry blends. **NATUR'L OIL** promotes uptake of foliar fertilizers by enhancing the absorption, translocation and persistence of nutritional.

RECOMMENDED USES

NATUR'L OIL may be used on but not limited to the following crops:

Vegetable Crops: Berries, cabbage, carrots, cauliflower, celery, cucumbers, lettuce, melons, peppers, potatoes, radishes, sweet corn, tomatoes and vines.

Field Crops: Alfalfa, corn, cotton, oats, peanuts, canola, rice, rye, sorghum, soybeans, sugar beets, tobacco and wheat.

Tree & Vine Crops: Almonds, apples, apricots, cherries, citrus, filberts, grapes, nectarines, peaches, pears, pecans, and walnuts.

Turf Grasses: St. Augustine, Bahia, Centipede, Bent Zoysia, Bermuda, Blue Grass, Rye Grass, Fescue Grasses and other types of grasses.

Ornamentals: Ferns, woody, foliage, hanging baskets, and field grown. For container grown woody plants, trees and field grown shrubs and trees...2 to 4 pints per 100 gals.

Greenhouse & Nursery - Indoor and Outdoor Foliage: 1-2 quarts/100 gallons or a maximum of 2 gallons per acre.

DIRECTIONS FOR USE

LIQUID FORMULATION: Premix 1 quart **NATUR'L OIL** per acre (2.3 liters per hectare) with pesticide or foliar fertilizer. Then mix with enough water to provide the volume required for application.

WETTABLE POWDER FORMULATIONS: Mix wettable powder with sufficient water for thorough dispersion. Then add one quart **NATUR'L OIL** per acre (2.3 liters per hectare) and mix well. Then add enough water to provide the volume required for application.

FERTILIZERS: Mix 3 pints **NATUR'L OIL** per acre (3.4 liters per hectare) with herbicides. Disperse in liquid or suspension fertilizers or impregnate dry blended fertilizers.

Notice: The information contained herein is true and accurate to the best of our knowledge and belief, but is presented without guarantee since field conditions and use are beyond our control. Neither the manufacturer nor the seller makes any warranty, expressed or implied concerning the use of this product other than indicated on the label. Buyer assumes all risk of use of this material when such use is contrary to label instruction. Read and follow the label directions carefully.

CONDITIONS OF SALE: 1. Seller warrants that this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. No one, other than an officer of Seller, is authorized to make any warranty, guarantee of direction concerning this product. 2. Because of time, place, rate of application and other conditions of use are beyond seller's control, Seller's liability from handling, storage and use of this product is limited to replacement of product or refund of purchase price.

Always read and follow label instructions.
