

WILBUR-ELLIS®
Ideas to Grow With™

GUARANTEED ANALYSIS

Total Nitrogen (N)	10.00%
4.70% Nitrate Nitrogen	
1.70% Urea Nitrogen	
3.60% Other Water Soluble Nitrogen*	
Calcium (Ca).....	4.00%
Magnesium (Mg).....	0.80%
Zinc (Zn)	1.20%

DERIVED FROM: Calcium Nitrate, Magnesium Nitrate, Zinc Nitrate, Triazone, Methylene Urea, and Barley Protein Hydrolysate

*3.60% Slowly available nitrogen from triazone, methylene urea and barley protein hydrolysate.

KEEP OUT OF REACH OF CHILDREN

DANGER

Harmful if swallowed. Causes severe skin burns and eye damage.
May cause respiratory irritation.

PRECAUTIONARY STATEMENTS

Do not breathe mist or vapor. Wash thoroughly after handling. Wear rubber or chemical-resistant gloves, protective clothing and face protection.
Do not eat, drink or smoke when using this product.
Use only outdoors or in a well-ventilated area.

FIRST AID

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Call a doctor or poison control center if symptoms occur or you feel unwell. **IF ON SKIN (OR HAIR):** Take off immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Call a doctor or poison control center if symptoms occur or you feel unwell. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Immediately call a poison control center or doctor.

For chemical spills, leaks, fire or exposure, call
CHEMTREC: (800) 424-9300 or Poison Control Center: (800) 222-1222.

STORAGE AND DISPOSAL

Store locked up and in a well-ventilated place. Store in original container only and keep tightly sealed when not in use. Store product and dispose of unused product and empty containers in accordance with federal, state and local regulations.

GENERAL INFORMATION

NDemand® POLISH® is formulated primarily for foliar applications to prevent or correct calcium and zinc deficiencies in a wide range of agronomic and ornamental plants. Its use is suggested as a supplement to a regular, balanced fertilizer program to enhance yields and improve quality.

Application of NDemand POLISH is a means of obtaining a quick response to needed elements. Foliar applications of NDemand POLISH may be particularly beneficial during periods of peak nutrient demand, for crops grown on soils having poor nutrient availability or to crops suffering from a weakened root system. Avoid foliar nutrient applications to crops during periods of moisture, salinity or heat stress. Applications of foliar nutrients to sensitive crops such as leafy vegetables or soft-skinned fruit during periods of excessive temperatures may cause cosmetic injury.

NDemand POLISH should be used as part of a comprehensive Total Nutrition System® for optimizing plant growth, development, yield and quality.

DIRECTIONS FOR USE

NDemand POLISH may be applied as a foliar spray by air or by ground. Maintain agitation to provide uniform distribution within the spray tank. Thorough and even spray coverage is essential for maximum nutrient uptake and crop safety. Always include a

high quality CPDA approved spreader, such as R-11®, at recommended rates. Optimum rate of application will vary based on a variety of factors including degree of need or deficiency, growth stage, yield potential, environmental conditions, existing soil fertility levels, etc. Applications of certain micronutrients to fleshy fruit within 30 days of harvest may result in staining of rind or skin.

USE RATES: For row crops, vegetable crops, tree, and vine crops, apply 1-8 pints per acre.

GROUND APPLICATIONS: Apply the recommended amount of NDemand POLISH with sufficient water to provide desired coverage. When very low volumes of water are used, a slight burning of the foliage may occur. Ground applications should not exceed 1 quart per gallon of water. For high volume ground applications (100 gallons per acre or more), rates as high as 2.5 gallons per acre may be used.

AERIAL APPLICATIONS: Usually a minimum of 5 gallons of water per acre is sufficient to apply the recommended amount of NDemand POLISH. If less water is used, a slight burning of the foliage may occur. Aerial applications should not exceed 1 quart per gallon of water. For specific crop recommendations consult your local Wilbur-Ellis Company representative.

COMPATIBILITY

NDemand POLISH is compatible with many co-applied nutrient sources as well as plant protection products. Do not mix NDemand POLISH with sulfate or phosphate-based acidifying agents, buffering agents, or fertilizers. Always jar test new combinations for compatibility prior to field mixing.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

The Directions for Use of the product should be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS," AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Buyer and User accept all risks arising from any use of this product, including without limitation uses contrary to label instructions, under abnormal conditions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

To the extent permitted by law, neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
