### FIRST AID

**IF ON SKIN OR CLOTHING:**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 to 20 minutes.
- If skin irritation occurs, get medical advice.

**IF IN EYES:**

- Rinse cautiously with water for 15 to 20 minutes.
- Remove contact lenses, if present and easy to do so. Continue rinsing.
- If eye irritation persists, get medical attention.

**IF SWALLOWED:**

- Call a poison control center or doctor if you feel unwell.
- Rinse mouth.

(Continued)

### First Aid (Cont.)

**IF INHALED:**

- Move person to fresh air and keep comfortable.
- Call poison control center or doctor for treatment advice if you feel unwell.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For emergency, call CHEMTREC.

### GENERAL INFORMATION

NITRO-BOR may be applied as a foliar spray by ground or by aerial equipment and through irrigation water. This product may be applied with liquid fertilizer starter solutions and in transplant water. This product is compatible with most pesticides.

**Note:** Some crops may be injured by the application of Boron. Contact your local agricultural authority for more information.

This product should not be applied when plants are under moisture stress.

### COMPATIBILITY

This product is compatible with most pesticides; however, a compatibility test is recommended if the desired combination has not been previously used.

### MIXING INSTRUCTIONS

1. Put one-third of water or fertilizer in spray tank.
2. Add correct amount of this product.
3. Add other chemicals as needed.
4. Agitate thoroughly.

### DIRECTIONS FOR USE

**Foliar Application:** Use 2 to 4 pints of this product per acre per application during the growing season. A minimum of 2 applications is recommended. More frequent applications may be needed to correct deficiencies, once they have occurred. Apply when soil tests or plant analysis indicate a deficiency.

**Soil Application:** Apply 2 to 4 quarts of this product per acre as a pre-plant or side dress application.

**Aerial Application:** Use 2 to 4 pints of this product per acre per application in at least 5 gallons of water. For best results, multiple applications are recommended.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**PRODUCT DISPOSAL:** Follow all governmental requirements for the disposal of agricultural spray solutions.

**CONTAINER DISPOSAL:** Triple rinse container, Empty rinsate into spray tank. Dispose of empty container according to approved local practices. Contact County Agricultural Commissioner for disposal information.
