COC CROP OIL CONCENTRATE

PRINCIPAL FUNCTIONING AGENTS:

Paraffin Base Petroleum Oil..... 83%

OTHER INGREDIENTS:

Polyol Fatty Acid Esters,
Polyethoxylated Derivatives Thereof..... 17%

All ingredients are exempt from tolerance requirements under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN CAUTION! / PRECAUCIÓN!

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle
(If you do not understand the label, find someone to explain it to you in detail.)

Contact may cause moderate eye irritation. Avoid contact with eyes, skin or clothing.
Wear chemical safety goggles and gloves. Wash thoroughly with soap and water
after handling and before eating, drinking, chewing gum, or using tobacco.

FIRST AID

Call a poison control center or doctor immediately for treatment advice.

*Have the product container with you when calling a poison control center
or doctor, or going for treatment.*

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye.

NET CONTENTS:

275 gallons (1040.89 liters)

GENERAL INFORMATION

NOVITA COC is a balanced system of oil and surfactants designed to be used with herbicides and defoliants that call for an oil adjuvant. **NOVITA COC** may be used as a replacement for crop oils and surfactants added to herbicide and defoliant spray programs.

RECOMMENDED RATES

Always follow pesticide manufacturer's label directions. **NOVITA COC** is compatible with most oil-soluble herbicides. Check the particular brand labels to be sure that use with a crop oil is not prohibited on the label.

BRUSH CONTROL: For weed and brush control foliage sprays, use 1 gallon **NOVITA COC** per 100 gallons of finished spray. For increased efficacy in late season sprays, use 2 gallons per 100 gallons.

AERIAL & GROUND SPRAYS USING 5-50 GALLONS/ACRE: Use 1 to 2 pints **NOVITA COC** per acre in sufficient volume to provide good plant coverage with the equipment used. To increase coverage of mid to late season sprays add 1 to 2 quarts per acre. Do not exceed 2.5% v/v concentration.

Since **NOVITA COC** may increase the activity of herbicides, care should be exercised in applying it with herbicides to new varieties or highly inbred lines or under weather conditions, such as high temperatures and high humidity which tend to increase herbicide activity. The use of test areas is recommended if these conditions prevail. Due to variation in natural water compositions, formulations by brand, and types of agitation, pre-testing of the intended tank mixture is recommended.

MIXING

Fill spray tank one-half full of water, add the desired amount of herbicide and continue filling. Add correct amount of **NOVITA COC** last and continue agitation.

HANDLING AND STORAGE

Store in a cool, dry place in original container. Do not store near oxidizing agents. Keep container closed in storage. Do not allow water to be introduced. If **NOVITA COC** is stored below 20 °F for an extended period, it may become cloudy and thicken. By raising the temperature above 32 °F the product will return to its normal clear and fluid state.

WARRANTY: Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label, when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk of any such use.
