

# FoamNoMore

DEFOAMER - ANTIFOAM

**PRINCIPAL FUNCTIONING AGENTS:**

|   |      |
|---|------|
| Polydimethylsiloxane .....                        | 10%  |
| Constituents ineffective as a spray adjuvant..... | 90%  |
| TOTAL .....                                       | 100% |

All ingredients are exempt from tolerance requirements under 40 CFR 180

**KEEP OUT OF REACH OF CHILDREN  
CAUTION! / PRECAUCIÓN!**

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle (If you do not understand the label, find someone to explain it to you in detail.)

Harmful if swallowed, inhaled, or absorbed through skin. Avoid contact with eyes and skin, may cause irritation. Avoid breathing spray mist.

**FIRST AID**

**Call a poison control center or doctor immediately for treatment advice.  
Have the product container with you when calling a poison control center or doctor, or going for treatment.**

**If Swallowed:** Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

**If Inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.

**If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first five minutes, then continue rinsing eye.

**NOVITA FoamNoMore** is designed for use with pest control tank mixes wherever foaming is expected or occurring. **NOVITA FoamNoMore** uses a highly efficient silicone oil-in-water (o/w) emulsion to deliver superior knockdown in a small amount of defoamer or to suppress foam before it starts.

**DIRECTIONS FOR USE**

Note: All tank mixtures are different. The amounts recommended below are based on experience. For mixtures that are easily defoamed, use lower amounts. For mixtures that are tough to defoam, more may be required. The general use rate of **NOVITA FoamNoMore** is 1/2 - 1 oz. per 100 gallons of solution.

As an antifoam, add the **NOVITA FoamNoMore** after the water and another ingredient has been added to the tank mixture. Squirt directly into the tank mixture. Do not add to any tank surface. Add the rest of the ingredients.

If foaming becomes a problem, add **NOVITA FoamNoMore** to the tank until foaming stops. Foaming for urea/water solutions may be difficult to control and the addition of more **NOVITA FoamNoMore** may be necessary to suppress foam to the desired level.

**Handling and Storage:** Silicone emulsions may thicken and freeze in cold temperatures. If this product has been frozen or shows signs of layering, warm to above 40°F (5°C) SHAKE THE BOTTLE WELL BEFORE USING. Store in original container in a cool, dry area. Do not add water to the bottle before use. Storage between 40°F (5°C) and 90°F (32°C) is recommended. Do not store near oxidizing agents.

**Disposal:** Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading and dump rinsate into tank mix. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at <http://www.acrecycle.org>. If allowed by law, decontaminated containers may be disposed of in a sanitary landfill or burned. If burning is allowed by law, stay out of smoke.

**WARRANTY**

Novita Solutions, LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below. Novita Solutions, LLC MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. Inherent Risks of Use: It is impossible to eliminate all risks associated with use of this product. Plant injury, lack of performance, or other unintended consequences may result because of such factors as use of the product contrary to label instructions (including conditions noted on the label, such as unfavorable temperature, soil conditions, etc.), abnormal conditions (such as excessive rainfall, drought, tornadoes, hurricanes), presence of other materials, the manner of application, or other factors, all of which are beyond the control of Novita Solutions, LLC or the seller. All such risks shall be assumed by buyer. Limitation of Remedies: The exclusive remedy for losses or damages resulting from this product (including claims based on contract, negligence, strict liability, or other legal theories), shall be limited to, at Novita Solutions, LLC's election, one of the following: 1. Refund of purchase price paid by buyer or user for product bought, or 2. Replacement of amount of product used Novita Solutions, LLC shall not be liable for losses or damages resulting from handling or use of this product unless Novita Solutions, LLC is promptly notified of such loss or damage in writing. In no case shall Novita Solutions, LLC be liable for consequential or incidental damages or losses. The terms of the "Warranty Disclaimer" above and this "Limitation of Remedies" cannot be varied by any written or verbal statements or agreements. No employee or sales agent of Novita Solutions, LLC or the seller is authorized to vary or exceed the terms of the "Warranty Disclaimer" or this "Limitation of Remedies" in any manner.
