

PRODUCT INFORMATION

Organic BioLink® All-Purpose Fertilizer 3-3-3 is an all-purpose fertilizer for correction of nitrogen, phosphorus and potassium deficiencies.

Organic BioLink® All-Purpose Fertilizer 3-3-3 meets current guidelines for fertilizers used in organic food productions.

DIRECTIONS FOR USE

SHAKE VIGOROUSLY BEFORE USING. Due to the organic nature of the product some settling may occur.

Organic BioLink® All-Purpose Fertilizer 3-3-3 can be applied to all food and non-food crops such as brassica (cole), berries, citrus, cucurbits, field vegetables, fruiting vegetables, fruit trees, grapes (raisin, table and wine), leafy vegetables, root and tuber vegetables, row crops, strawberries, tree nuts, ornamental trees, shrubs, flowers, containerized plants, lawns and turf.

Foliar Application: Use 1 to 4 quarts per acre. Apply to plant foliage to the point of run-off starting at the 4-leaf vegetables. For trees and vines apply at the beginning of bloom; repeat every 10 to 14 days throughout the growing season as needed.

Soil Application: Use 1 to 4 gallons per acre. Drench soil around base of plants and trees or apply through the irrigation system. Begin applications at planting, transplanting or in spring at beginning of root flush. Repeat application every 10 to 14 days throughout the season as needed.

Nursery & Container: Use 2 oz. per gallon of water. Apply as a soil drench around base of plants and trees or apply through irrigation system. Repeat application every 10 to 14 days throughout the season as needed.

Compatibility: Always conduct a compatibility jar test before mixing Organic BioLink® 3-3-3 Fertilizer with new products.

Note: The recommendations may vary depending upon soil type, climate, and cultural practices. Foliar applications should be supplemented with soil applications. For stressed plants, trees or lawns, you may wish to reduce dosage and increase the frequency of applications for the first few months.

NOTICE: Perform a phytotoxicity test on a small plot before large-scale application. To lower the risk of phytotoxicity, applications should be made early morning or late evening.

GUARANTEED ANALYSIS

Total Nitrogen (N)	3.0%
2.963% Water Soluble Nitrogen	
0.037% Water Insoluble Nitrogen	
Available Phosphate (P ₂ O ₅)	3.0%
Soluble Potash (K ₂ O)	3.0%

DERIVED FROM: Soy Protein Hydrolysate, Phosphate Rock, Sulfate of Potash.

KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENT

Wash thoroughly after handling this product. Do not ingest. Avoid contact with skin, eyes, and clothing. Do not breathe mist or vapor. Wear protective eye wear and waterproof gloves.

First Aid
IF ON SKIN: Take off contaminated clothing and wash before reuse. Rinse skin with plenty of water and soap. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF INHALED: Move person to fresh air. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Rinse mouth.
Call a poison control center or doctor for treatment advice if symptoms persist.
