PRODUCT INFORMATION

Organic BioLink® Seaweed-29 is a plant-food spray designed to correct potassium deficiencies and improve over-all plant vigor and growth.

Organic BioLink® Seaweed-29 contains 4.0% soluble potash essential for a vigorous root system, improved plant growth as well as fruit and vegetable quality.

DIRECTIONS FOR USE

SHAKE VIGOROUSLY BEFORE USING.

Organic BioLink® Seaweed-29 can be applied to all food and non-food crops such as brassica (cole), berries, citrus, cucurbits, field vegetables, fruiting vegetables, fruit trees, grapes, leafy vegetables, root and tuber vegetables, row crops, strawberries, tree nuts, ornamental trees, shrubs, flowers, containerized plants, lawns. Containerized plants, and turf.

Foliar Application: Use ½ to 1 quart per acre. Dilute in water and apply to foliage every 21 days or throughout the growing season as needed.

Soil Drench Application: Use ½ to 1 quart per acre. Dilute in water and apply as soil drench every 21 days or as needed throughout the growing season.

Nursery & Container: Use 1 quart per 100 gallons of water. Spray plant foliage to the point of run-off, can also be applied as a soil drench. Apply every 21 days or throughout the growing season as needed.

Home & Garden: Use ½ to 1 ounce per gallon of water. Spray plant foliage to the point of run-off, can also be applied as a soil drench. Apply every 21 days or as desired throughout the growing season.

Compatibility: Always conduct a compatibility jar test before mixing **Organic BioLink® Seaweed-29** with new products.

NOTICE: Perform a phytotoxicity test on a small plot before large-scale application. To lower the risk of phytotoxicity, applications should be made early morning or late evening.
