

Next Generation Polymer, Nonionic Surfactant, and AMS

GENERAL INFORMATION

Padlock PLUS combines a blend of water conditioning agents including AMS while simultaneously controlling drift and being fully compatible with glyphosate. This combination provides a distinct advantage over other water conditioners. The rewards with Padlock PLUS grow when you consider all the beneficial products bundled together in this water conditioning blend. With Padlock PLUS you get the speed and quick mixing of spray grade liquid AMS, nonionic surfactant, and our industry best Padlock drift control.

DIRECTIONS FOR USE

- For use with herbicides (including) desiccants), insecticides and fungicides.
- Prior to use, read all directions on this label.
- Add Padlock PLUS first to agitating tank.

FIRST AID

Skin and Eyes – Flush with plenty of water. Consult a physician if irritation develops or persists. Ingestion – Give plenty of water if conscious. Do not induce vomitina. Seek medical attention immediately. Wear appropriate protection to avoid eve and skin contact.

PRECAUTION

Padlock PLUS will reduce but not totally eliminate drift. Always follow chemical label directions and precautions. Padlock PLUS is not intended as a substitute for good agronomic practices; sound application techniques must be used when spraying.

Seller makes no warranty of fitness or merchantability. Buyer agrees that sellers maximum liability shall not exceed the purchase price of this product.

NET CONTENTS:

2.5 U.S. GALLONS (9.46 L)

RATE OF PADLOCK PLUS

- The Application Rate is 1-8 quarts per 100 gallons spray solution, depending on water hardness, wind speed, and other weather conditions.
- 1 gallon per 100 gallons has demonstrated better performance than 8 pounds of AMS.
- Additional amount of AMS might need to be added depending on label and percentage of water hardness.

INGREDIENTS:

Polyvinyl polymer (polyacrylamide, non-reactive), ammonium sulfate, emulsifiers, nonionic surfactant....100% All ingredients are exempt from tolerance requirements under 40 CFR 180.1001(d)

WARNING: Causes eye irritation. May cause respiratory irritation. Avoid breathing vapours, spray, mist. Wash hands, forearms and face thoroughly after handling. Use only outdoors or in a well-ventilated area. IF INHALED: Remove person to fresh air and keep comfortable for breathing. IF IN EYES:
