

FORTIFY™

Spreader / Sticker / Surfactant / Deposition Aid

PRINCIPAL FUNCTIONING AGENTS

Alkyl polyoxyethylene ethers, polymerized resins, and triethanol amine salts of oleic acid (TOFA derived).....	20.7%
Petroleum distillates	2.5%
Inert ingredients.....	76.8%
TOTAL.....	100.0%

All ingredients are exempt from a tolerance as specified in 40 CFR 180.

CA Reg. No. 7001-50540

KEEP OUT OF REACH OF CHILDREN

WARNING

CAUSES SERIOUS EYE IRRITATION. CAUSES MILD SKIN IRRITATION.

PRECAUTIONARY STATEMENTS: Wash thoroughly after handling. Wear eye protection / face protection. Store in a closed container. Store at temperatures between 40°F and 120°F. Dispose of contents / container in accordance with local / national regulations.

FIRST AID: IF IN EYES: Hold eye open. Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists get medical attention.

IF ON SKIN: If skin irritation or rash occurs get medical attention.

DIRECTIONS FOR USE

For use with products registered for agricultural, forestry, industrial, municipal, non-cropland, ornamental, rights-of-way, turf and other uses. NOT FOR AQUATIC USE.

Always read and follow instructions of the pesticide label regarding the use of an adjuvant. If the pesticide label does not specifically recommend, yet does not prohibit, the use of a spreader-sticker adjuvant, the applicator should conduct an advance phytotoxicity test using a small volume of tank mix combinations to confirm compatibility and plant safety.

FORTIFY may be used by ground or air applications.

Rates per 100 Gallons Spray Mix

Defoliants, Desiccants, Herbicides.....	1 to 4 pints
Fungicides, Acaricides, Insecticides.....	1/4 to 2 pints
Wettable Powders	1/2 to 3 pints

In Concentrated or Diluted Spray Applications: Use enough FORTIFY to allow for uniform wetting and deposition onto leaf surfaces without unnecessary run-off.

Manufactured for:
J.R. SIMPLOT COMPANY

P.O. Box 198, Lathrop, CA 95330

SPECIMEN

FORTIFY™

For Field Crop Applications: Use 1/4 pint to 2 pints per acre.

For Drift Suppression: Use at least 2 pints of FORTIFY per 100 gallons of spray mix to minimize off target spray drift. Note: FORTIFY will not eliminate spray drift. Off-target drift hazards vary with the type of pesticide and application conditions. FORTIFY improves spray deposition and suppresses drift by producing a more uniform spray pattern.

MIXING INSTRUCTIONS

1. Water as indicated by pesticide/fertilizer label instructions
2. Pesticide
3. Agitate
4. Add FORTIFY last to the tank mix

GENERAL INFORMATION

FORTIFY is a water dispersible, nonionic spreader-sticker adjuvant that is formulated to improve the efficiency of a variety of pesticides by increasing droplet spreading and adhesion onto leaf surfaces. FORTIFY enhances efficacy of herbicide, insecticide and fungicide spray applications. FORTIFY works by reducing water surface tension to increase coverage while forming a protective film to adhere active ingredients to the plant surface. FORTIFY improves spray droplet deposition and suppresses off-target drift by producing a more uniform droplet spray pattern. The sticking properties in FORTIFY help to reduce tendency for wash-off of the spray deposit caused by light rainfall or irrigation.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal of this product.

Storage: Keep container tightly closed and DO NOT allow water to be introduced to contents of this container. DO NOT reuse this container.

Pesticide/Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.

DISCLAIMER OF WARRANTIES: Seller warrants that the chemical composition of this product conforms to the chemical description given on this label. This warranty is expressly in lieu of all other warranties and representations expressed, implied, or statutory, including warranties of merchantability and fitness for a particular use. Timing, rate and method of application, weather and crop conditions, mixtures with chemicals not specifically recommended on this label or an accompanying written recommendation are beyond the control of seller. Buyer assumes all risks of use, storage and handling of this material not in strict accordance with directions given herewith. Buyer further agrees in the event of damages arising from the use of this product to accept a replacement of the product or a refund of the purchase price of the product, at buyer's option, as full discharge of seller's liability. No one is authorized to make any other warranty, guarantee or directions concerning this product, and no such warranties, guarantees or directions shall be valid or binding upon seller.
