**GENERAL INFORMATION**

Plant-X Bio-SB CYT is a "Plant Extract tea". Rather than using compost or animal wastes, Bio-Gro has taken live plants and specific plant parts and "steeped" them in various media solutions. The resulting solutions are allowed to ferment under controlled conditions and stabilized.

Plant-X Products actually have a long shelf life and can be stored under proper conditions for 1-2 years. Plant-X Products do not smell "rotten" and should not be used if they do.

**DIRECTIONS FOR USE**

**Mixing Directions** - Be sure spray tank is thoroughly cleaned, fill 1/3 full with clean water, add product and continue filling with agitation.

**Compatibility** - Plant-X Products are compatible with most fertilizers and bioproducts. Consult your Bio-Gro dealer for more information.

When applying Plant-X Bio-SB CYT to crops, soil deficiency must be first documented by testing.

**Storage and Disposal** - Store in original containers at temperatures **above freezing**. Dispose waste at approved disposal facility. To dispose of containers, triple rinse and dispose according to local and state regulations.

**SUGGESTED APPLICATIONS**

Optimum rate of application will vary between fields depending on soil and/or climatic conditions, stage of crop growth and size of plants. The best timing is at planting or when a root flush is occurring. Consult your Bio-Gro dealer for specific recommendations.

**All Field & Vegetable Crops** - Apply 1-5 gallons per acre at planting. Water run 1-5 gallons per acre during germination. Water run 1-5 gallons per acre with applied fertilizers during growing season. - Apply 2-5 gallons per acre in spring and fall during root flush.

**FOR MANUFACTURING USE ONLY**

## KEEP OUT OF REACH OF CHILDREN

**CAUTION - Harmful if Swallowed**

**Precautionary Statements:** Harmful if swallowed, inhaled or absorbed through skin. May cause eye and skin irritation. In case of contact, immediately flush eyes and/or wash skin with plenty of fresh water for at least 15 minutes.

Do not contaminate feed or food items.

Only apply this product on crops specified on this label. Use caution in application to assure coverage on intended treatment areas only.
