PRO MULTI-SPRED

GENERAL INFORMATION

PRO MULTI-SPRED is a 98% active premium blend of organosilicones, methylated vegetable oil and non-ionic surfactants. It provides superior spreading, penetration and activation of herbicides, fungicides, insecticides and defoliant. Because PRO MULTI-SPRED contains organosilicones, it offers faster, more uniform distribution of active material on the leaf surface than conventional spreaders. The vegetable oil ensures complete penetration through the waxy leaf cuticle.

WARNING

KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

Hazardous to humans and animals. Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear protective eyewear (goggles). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Harmful if inhaled. Avoid breathing spray mist. Harmful if absorbed through skin. Avoid contact with skin. Wear chemical resistant gloves, long-sleeved shirt and pants, socks and shoes. Remove and wash contaminated clothing before reuse.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. **If on skin:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

DIRECTIONS FOR USE:

Preparation of Spray Material.

1. Fill spray or mix tank with 1/2 to 3/4 the desired amount of water. Start mechanical or hydraulic agitation.
2. Add the required amount of pesticide.
3. Add the required amount of PRO MULTI-SPRED and continue agitation until a uniform mixture is obtained.

NOT FOR AQUATIC USE

rev. 8/04/13

NOTE: Maintain constant agitation of spray mixture during standing and application to assure uniform pesticide application.

4. Add the remaining volume of water and mix contents thoroughly.

DILUTE RATES:

Ground Application: Use 3 to 5 pints of PRO MULTI-SPRED per 100 gallons of spray mix.

Aerial Application: Use 4 to 16 pints of PRO MULTI-SPRED per 100 gallons of spray solution in combination with the recommended pesticide.

CONCENTRATED RATES:

Ground Application: Use 4 to 8 ounces of PRO MULTI-SPRED per acre in 10 gallons of spray solution.

Aerial Application: Use 6 to 24 ounces of PRO MULTI-SPRED per acre in 10 gallons of spray solution.

COMPATIBILITY: This product may be used with wettable powder, emulsifiable concentrate or solution formulations of most of the pesticides and insecticides now on the market.

STORAGE AND DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Follow proper procedures for the disposal of spray solutions. Rinse and dispose of empty containers according to approved local practices.

CONDITIONS OF SALE: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. Weather, crop conditions, timing and methods of applications, mixture with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
