

SPECIMEN LABEL

ATTENTION:

This specimen label is provided for general information only.

This product may not yet be available or approved for sale or use in your area. It is your responsibility to follow all Federal, state and local laws and regulations regarding the use of this product. Before using this product, be sure the intended use is approved in your area. FBN Inputs, LLC does not guarantee the completeness or accuracy of this specimen label. The information found in this label may differ from the information found on the product label. You must read and follow the label found on the product.

AMS-Free Water Conditioner

PRINCIPAL FUNCTIONING AGENTS

Dipotassium phosphate, polyacrylates and buffering acids.....100.0%
TOTAL:.....100.0%

Note: Ingredients exempt from tolerance under CFR 40 180
State Registration pending, where applicable

KEEP OUT OF REACH OF CHILDREN

WARNING

Hazard Statement: Causes skin irritation. Causes serious eye irritation. May be harmful if swallowed or inhaled.

PRECAUTIONARY STATEMENTS: Do not get in eyes, on skin or on clothing. Wash hands, forearms, and other exposed areas thoroughly after handling. Do not eat, drink or smoke when using this product. Wear impervious gloves, protective clothing, and eye protection (goggles/full face shield). Do not breathe vapors, mist, or spray.

FIRST AID

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If on skin: Take off immediately all contaminated clothing. Rinse skin with water or shower. Wash contaminated clothing before reuse.

SPECIMEN LABEL

If inhaled: Remove person to fresh air and keep comfortable for breathing. Immediately call a Poison Center or doctor for advice.

If swallowed: Rinse mouth. Do not induce vomiting. Call a Poison Control Center or doctor if you feel unwell

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers must wear: • Protective goggles or safety glasses • Long-sleeved shirt and long pants • Chemical-resistant gloves, such as barrier laminate, butyl rubber, nitrile rubber or viton • Shoes plus socks. Follow manufacturer's instructions for cleaning PPE. If no such instructions exist, use detergent and hot water. Keep and wash PPE separately from other items.

Protect from freezing

GENERAL INFORMATION

QUADRAXX is a reduced-rate, AMS-free water conditioning adjuvant that helps neutralize the negative effects of hard water and metal cations on post emergent herbicides. QUADRAXX contains no ammonium sulfate (AMS). It can be used as an alternative to AMS where the pesticide label prohibits or restricts the use of AMS, including dicamba. QUADRAXX will help fix herbicide performance problems in agricultural and horticultural spray mixtures where water quality may have a detrimental effect on herbicide performance.

Equipment hygiene and condition, environmental factors and sprayer calibration will affect the efficacy of spray mixtures that contain QUADRAXX. It may be necessary to periodically recalibrate the sprayer and adjust the adjuvant rate. When used according to the Directions for Use, QUADRAXX is compatible with most pesticides and fertilizers. Rates of QUADRAXX may vary with plant and environmental conditions at the time of application.

DIRECTIONS FOR USE

QUADRAXX may be used with agrochemicals and other products registered for agricultural, horticultural, turf, ornamental, industrial and non-crop uses. Prior to use, read all directions on this label and on the label of the product to be applied. Do not use where the pesticide label specifically prohibits the use of an adjuvant. If the pesticide label neither recommends nor prohibits an adjuvant, the applicator must have previous experience with the adjuvant/pesticide spray mixture under local conditions.

NOTE: Some pesticides or pesticide tank mix combinations may cause phytotoxicity to susceptible crops when used with adjuvants. Use caution at higher application rates on sensitive crops. It is recommended

SPECIMEN LABEL

that the applicator, user, advisor or crop consultant have experience with the combination before adding QUADRAXX to spray mixes. Otherwise apply a small test area and check the results before widespread use. Exercise care when using QUADRAXX for the first time on new varieties or crops.

USE RATES

Ground or Air

Mix 1 to 5 pints per 100 gallons of water

(Depends on water hardness, which can be expressed in either parts per million (ppm) or grains)

Water Hardness Level (PPM)	Approx. Grains	Pints of QUADRAXX per 100 gallons
£125	1.0 – 7.5	1
125 – 250	7.5 – 15	2
250 – 375	15 – 22.5	3
375 – 500	22.5 – 30	4
³ 500	³ 30	5

These rate recommendations are considered to be sufficient for most uses. Some pesticide labels may require higher or lower adjuvant rates. Read and follow the pesticide(s) label(s) and directions in such cases.

MIXING: Before using this product make sure spray equipment is clean and in proper working order, including tanks, lines, strainers and gauges. Follow all cleaning directions of the pesticide label. Fill spray tank one-half full with clean water and start agitation. Always add QUADRAXX to the spray solution first to condition the water before adding other pesticides. Add pesticides as directed by the label's mixing instructions while maintaining agitation.

Note: Use a jar test to determine compatibility of tank mix components. Do not mix QUADRAXX with other adjuvants or crop protection products in undiluted form.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage

Keep this container tightly closed. Store above 25 degrees F. Store in original container. Do not allow water or other chemicals to be introduced into contents of container. Do not contaminate water sources with equipment wash water or spray disposal wastes. Do not store near feed or food products. Do not use or store near open flame. Do not store with ammonium nitrate or oxidizing agents.

SPECIMEN LABEL

Disposal

Triple rinse container and pour rinsate into spray tank. Do not reuse container. Offer triple-rinsed container for recycling, or puncture & dispose of in a sanitary landfill or by other procedures approved by appropriate authorities. Contact the Ag Container Recycling Council for information on how to recycle this container. www.acrecycle.com

In the event of a major spill, fire or other emergency, call 1-800-424-9300.

CONDITIONS OF SALE AND WARRANTY

FBN Inputs, LLC warrants only that this product conforms to the product description on the label. Other than the foregoing Limited Warranty, this product is sold on an “as-is” basis. FBN Inputs, LLC disclaims to the fullest extent permitted by law, all other warranties of any kind, either express or implied, including, but not limited, to: the implied warranty of merchantability, the implied warranty of fitness for a particular purpose, that the use of this product will cause or result in any particular outcome, or the product's compatibility with other products. Some states do not allow limitations on how long an implied warranty lasts, so only portions of the above limitations may apply to user or buyer.

To the fullest extent permitted by law, under no circumstances and under no legal theory (including, without limitation, tort, contract, strict liability, or otherwise) shall FBN Inputs, LLC be liable to user or buyer for (A) any indirect, special, incidental, or consequential damages of any kind, including damages for lost profits or unrealized savings, crop loss, loss of yield, loss of goodwill, work stoppage, or (B) any amount, in the aggregate, in excess of the amount actually paid for this product, exclusive of taxes, shipping & handling, and any other applicable fees, or (C) any other matter. FBN Inputs, LLC further disclaims any liability for compensatory or other damages arising out of any use contrary to label directions. Some states do not allow the exclusion or limitation of certain damages, so only portions of the above limitations and exclusions may apply to user or buyer.
