Trees, Shrubs & Ornamentals		Foliar: 25-50oz\100gal	Every 14-21 days

Use a minimum of 25 gallons of water and a maximum of 100 gallons per acre.

CLEANING OF SPRAYER: Flush with clean water all parts of the sprayer including the pump, hoses, and nozzles several times prior to and after the use of this product.

DIRECTIONS FOR MIXING: RENOVA will disperse in water with little agitation. Any residue in pails is water-soluble. Triple rinse and add contents to the spray tank. Do not reuse container.

TANK MIXES: RENOVA can be tank mixed with pesticides, fertilizers or any other chemicals. It is advised to conduct a compatibility test.

CONDITIONS OF SALE: Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the seller's control, the seller's liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price. It is impossible to eliminate all risks associated with use of this product. Crop injury, lack of performance, or other unintended consequences may result because of such factors as use of the product contrary to label instructions, abnormal conditions, presence of other materials, the manner of application, or other factors, all of which are beyond the control of Nutrecolony Valagro USA or the seller. All such risks shall be assumed by buyer.
