

SAVITRI™

77/ COCKROACH GEL BAIT

KILLS COCKROACHES YOU SEE AND THOSE YOU DON'T

**FOR USE IN COMMERCIAL,
INDUSTRIAL, INSTITUTIONAL AND RESIDENTIAL AREAS**
For Indoor and Outdoor Use

ACTIVE INGREDIENT:

Indoxacarb..... 0.6%

OTHER INGREDIENTS:..... 99.4%

TOTAL:..... 100.0%

EPA Reg. No.: 91234-260

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
You may also contact SafetyCall® 1-844-685-9173 for emergency medical treatment information.

DO NOT TREAT AREAS THAT ARE EASILY ACCESSIBLE TO CHILDREN AND PETS.

See below for additional Precautionary Statements

SPECIMEN

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Avoid contact with skin, eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

All handlers must wear long-sleeved shirts, long pants, shoes and socks.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Runoff of this product will be reduced by avoiding applications when rainfall is forecasted to occur within 24 hours. Rinsing application equipment over the treated area will help avoid runoff to water bodies or drainage systems. Do not apply to any impervious surfaces which may contact or lead directly to surface water, storm drains, or urban runoff conveyance systems (gutters).

PHYSICAL AND CHEMICAL HAZARDS

Do not use this product in or on electrical equipment where possibility of shock hazard exists.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use **Savitri Cockroach Gel Bait** as a spot or crack and crevice treatment for the indoor and outdoor (adjacent to homes & structures) control of cockroaches.

Savitri Cockroach Gel Bait is designed to control pest species of cockroaches such as German, American, Australian, Smoky-Brown, Brown, Asian, Oriental, and Brown-Banded.

USE RESTRICTIONS:

- Do not treat areas that are easily accessible to children and pets.
- Do not treat food preparation surfaces. Keep gel away from foods and food contact surfaces.
- Do not allow gel material to contact open foods.
- Do not apply **Savitri Cockroach Gel Bait** to surfaces recently treated with repellent residual sprays.
- Do not apply repellent residual sprays to surfaces treated with **Savitri Cockroach Gel Bait**.
- In pet shops and zoos place bait out of reach of pets and zoo animals.

APPLICATION DIRECTIONS

Apply **Savitri Cockroach Gel Bait** to areas frequented by cockroaches such as between different elements of construction, between equipment and floors, openings leading into voids and hollow spaces in floors, walls, ceilings, equipment legs and bases, around plumbing pipes, doors and windows, and behind and under appliances, cabinets, sinks, closets, and any other equipment that cockroaches are typically known to hide.

Treatment Rates for All Uses

Cockroach Infestation Level	Treatment Rate (per 10 linear feet)	Specific Instructions
Heavy	3 to 5 spots	<ul style="list-style-type: none"> ▪ Each spot of Savitri Cockroach Gel Bait must equal about 0.5 grams (approx. 1/4" diameter). ▪ When a bead of Savitri Cockroach Gel Bait is used, apply a small thin bead that is less than 1/8" wide and approximately 2 inches long.
Light to Moderate	1 to 3 spots	

INDOOR USE DIRECTIONS

Savitri Cockroach Gel Bait can be used in residential areas and the non-food/non-feed areas of institutional, warehousing and commercial establishments, including warehouses, restaurants, food processing plants, supermarkets, hospitals, nursing homes, motels, hotels, apartment buildings, bakeries, beverage plants, breweries, bottling facilities, candy plants, canneries, cereal processing and manufacturing plants, dairies and dairy product processing plants, frozen food plants, schools, laboratories, computer facilities, sewers, aircraft, buses, boats/ships, trains, homes, houses, industrial buildings, office buildings, kennels, kitchens, manufacturing facilities, spice plants, stores, wineries and similar structures, mausoleums, meat processing and packaging plants, meat and vegetable canneries, pet shops, and zoos. Non-food/non-feed areas include bedrooms, living rooms, bathrooms, closets, media rooms, garbage rooms, lavatories, entries, and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling). This product may also be used in food/feed areas of food/feed handling establishments as outlined below.

- Infested areas must be carefully inspected to determine overall infestation levels, locations of harborage areas, and most appropriate application points.
- Apply **Savitri Cockroach Gel Bait** as a small spot of material, approximately 0.5 grams (approx. 1/4" in dia.), to areas not able to be contacted by children or pets.
- Several small applications distributed within an area are more effective than 1 or 2 applications of large quantities. In some cases, a small thin bead (less than 1/8" wide and 2" long) may be appropriate such as between construction elements or other cracks and crevices.
- Indoor applications include cracks and crevices along walls or floors, behind or under equipment, under tables, within framing of tables or furniture, around sinks, within or near garbage collection areas, attics, crawl spaces, and cracks and crevices in cabinets.
- Inspect **Savitri Cockroach Gel Bait** placements periodically for consumption or attractiveness and reapply as needed.

APPLICATIONS IN FOOD/FEE HANDLING AREAS

Apply in food/feed areas of food handling establishments as a crack and crevice treatment only. Apply **Savitri Cockroach Gel Bait** directly into cracks and crevices by placing the bait dispenser tip approximately 1/2 inch into cracks, crevices, holes and similar openings where cockroaches are found or are entering.

Food and feed handling areas include areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing edible waste storage, and enclosed processing

systems (mills, dairies, edible oils, syrups). Serving areas are also considered a food/feed area when food is exposed and facility is in operation.

- Do not apply **Savitri Cockroach Gel Bait** to areas where food/feed, food utensils or food processing surfaces may come into contact and become contaminated.
- Do not apply **Savitri Cockroach Gel Bait** to areas that are routinely washed such as cracks and crevices in tops of tables, food/feed preparation and prepared food holding surfaces as bait could be removed by the washing.
- Do not apply **Savitri Cockroach Gel Bait** to surfaces where the temperature exceeds 120 - 130°F because this could cause the bait to liquefy and lose effectiveness.
 - Examples include, but are not limited to, parts of stoves, ovens, grills, fume hoods, saunas, heat lamps, coffee urns, steam tables, toasters, fryers, dishwashers, and hot water pipes.
- Use good application practice to avoid movement of **Savitri Cockroach Gel Bait** to exposed surfaces used for food preparation.
- If **Savitri Cockroach Gel Bait** contacts an exposed surface/first remove as much of the gel bait as possible, then wash with soap and water.

APPLICATIONS IN NON-FOOD/NON-FEED HANDLING AREAS

Savitri Cockroach Gel Bait is designed to be used as a spot or crack and crevice treatment in non-food areas such as behind baseboards, behind cabinetry, under shelves/racks, garbage rooms, machine rooms, boiler rooms, garages, mop closets, storage rooms (after canning/bottling), locker rooms, lavatories, entry ways, floor drains (to sewers), and offices. If making applications in food/feed handling areas, refer to section above: **APPLICATIONS IN FOOD/FEED HANDLING AREAS.**

OUTDOOR USE DIRECTIONS

A thorough inspection around a structure may reveal areas where cockroaches are gaining access. Attempts should be made to remove the access. Apply **Savitri Cockroach Gel Bait** as a spot or thin bead (see above) to pest entry sites such as along windows, doors, between construction elements, sewer areas, adjacent trees which harbor cockroaches, along walls, garbage holding areas, or suitable placement site acting as a cockroach harborage. Place baits in such a way as to reduce the potential for subsequent human contact. Inspect **Savitri Cockroach Gel Bait** placements periodically and apply fresh bait as needed.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry area out of reach of children and pets.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Nonrefillable Container: Do not reuse or refill this container. Offer for recycling if available. Place empty bait dispensers in trash. **If partially filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITATION OF WARRANTY AND LIABILITY

IMPORTANT: READ BEFORE USE. Read the entire Directions for Use, Conditions of Warranties and Limitations of Liability before using this product. If these terms and conditions are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following Disclaimer of Warranties and Limitations of Liability. **CONDITIONS:** The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. To the extent consistent with applicable law, ineffectiveness, injury, and other unintended consequences may result because of such factors as manner of use or application (including misuse), the presence of other materials, weather conditions, and other unknown factors, all of which are beyond the control of ATTICUS, LLC. To the extent consistent with applicable law, all such risks shall be assumed by the user or buyer.

DISCLAIMER OF WARRANTIES: To the extent consistent with applicable law, ATTICUS, LLC makes no other warranties, express or implied, of merchantability or of fitness for a particular purpose or otherwise, that extend beyond statements on this label. **LIMITATIONS OF LIABILITY:** To the extent consistent with applicable law, neither ATTICUS, LLC the manufacturer, nor the Seller shall be liable for any indirect, special, incidental or consequential damages resulting from the use, handling, application, storage, or disposal of this product. To the extent consistent with applicable law, the exclusive remedy of the user or buyer for any and all losses, injuries or damages resulting from the use, handling, application, or storage of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid.
