

**SERENITY®
CUBED**

**WATER CONDITIONING AGENT
DRIFT CONTROL AGENT and DEPOSITION AID
SURFACTANT and HUMECTANT**

	% BY WT.
PRINCIPAL FUNCTIONING AGENTS:	34.70%
Trisodium citrate, Alkylpolyglucoside, Diethylene glycol, Polyacrylamide	
Constituents ineffective as spray adjuvants.....	65.30%
Total.....	100.00%

KEEP OUT OF REACH OF CHILDREN

WARNING

May cause damage to kidney organ through prolonged or repeated exposure.

PRECAUTIONARY STATEMENTS

Do not ingest. Avoid contact with skin and eyes. Do not breathe mist or spray. Wash hands and face and other affected areas thoroughly after handling. Get medical advice or attention if you feel unwell.

FIRST AID	
If swallowed;	•Rinse mouth. •Get medical attention if symptoms occur.
If inhaled;	•Move to fresh air. •Call a physician if symptoms develop or persist.
If on skin;	•Wash off with soap and water. •Get medical attention if irritation develops and persists.
If in eyes;	•Rinse with water. •Get medical attention if irritation develops and persists.
<p>Have the product container or label with you when calling a poison control center or doctor or going for treatment. GENERAL INFORMATION

SERENITY® CUBED is a non-AMS water conditioner that functions as a multifunctional adjuvant. In addition to water conditioning, it performs as a drift reduction aid (DRA), surfactant and deposition aid and is specifically designed to be applied with dicamba containing products such as, XtendiMax®, Engenia®, and FeXapan™, as well as other tank mixes that will be applied to crops containing auxin genetic traits.

Shake well before use. Many post-emergence herbicides such as glyphosate, perform best when a water quality product is used in the tank mix to mitigate water hardness issues. SERENITY CUBED is designed to improve the performance of various post-emergence herbicides. This feature includes most products used on crops containing auxin genetic traits as well as tank mixes that contain dicamba as the active ingredient, such as XtendiMax, Engenia, and FeXapan, where a water quality adjuvant, drift reduction agent and surfactant are necessary.

NOTE: In certain circumstances, which include drought stressed conditions and larger sized weeds, SERENITY CUBED **may benefit from** the addition of an adjuvant/surfactant in the tank mixture.

Rates of SERENITY CUBED may vary with the conditions of application. Fill spray tank one half full with water. Add the proper amount of SERENITY CUBED and pesticide. Add the remainder of the water. Bypass agitation is sufficient when using SERENITY CUBED, but it should continue until all of the spray mixture has been sprayed.

USE RATES

For all tank mixes that contain XtendiMax, Engenia and/or FeXapan, use 5 pints of SERENITY CUBED per 100 gallons of spray mix.

For all other tank mixes depending on water hardness, use 2-4 quarts of SERENITY CUBED per 100 gallons of spray mix. The use rates for improving tank mix water quality are:

- Up to 500 ppm hardness – 2 quarts per 100 gallons.
- 500 to 750 ppm hardness – 3 quarts per 100 gallons.
- 750 ppm hardness – 4 quarts per 100 gallons.

For pesticides that permit use of an adjuvant at a higher rate, follow instructions on that pesticide label. However, do not add this product at a rate which exceeds 5% of the finished spray volume, except when used as a diluent in dormant, basal, site preparation or other similar applications, per label instructions. Use caution at the higher use rates. When applying to a sensitive crop, first treat a small area to determine if there are any adverse effects to the crop.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

PRODUCT STORAGE: Store in original container only and keep tightly closed. Store in closed storage areas. Use caution when moving, opening, closing or pouring.

PRODUCT DISPOSAL: Dispose of contents in accordance with all government regulations. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of federal law. Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Dispose of container in accordance with all government regulations. Triple rinse (or equivalent), then offer for recycling, if available, or reconditioning, if appropriate. Alternatively, puncture and dispose of the container in a sanitary landfill, or by other procedures approved by state and local authorities. Recycling cleaned containers is the best option of container disposal. ACRC (Agricultural Container Recycling Council) operates a national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrecycle.org.

Conditions of Sale and Limitation of Warranty and Liability:

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using the product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

ALL STATEMENTS MADE HEREIN ARE SUBJECT TO APPLICABLE LAW, AND TO THE EXTENT THERE IS ANY INCONSISTENCY OR CONTENTION, APPLICABLE LAW SHALL GOVERN.

The Directions for Use of the product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of many different factors including, without limitation, manner of use or application, weather, combination with other products, or crop conditions. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Manufacturer and Seller harmless from any claims relating to such factors.

Seller warrants that this product conforms to the chemical description on the label. EXCEPT FOR THIS WARRANTY, THE PRODUCT IS FURNISHED "AS-IS", AND NEITHER SELLER NOR MANUFACTURER MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, PURCHASE OR USE OF THIS PRODUCT; SELLER AND MANUFACTURER SPECIFICALLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE BEYOND WHAT IS STATED ON THE LABEL. Buyer and User accept all risks arising from any use of this product, including without limitation, uses contrary to label instructions, or under conditions not reasonably foreseeable to (or beyond the control of) Seller or Manufacturer.

Neither Manufacturer nor Seller shall be liable for any incidental, consequential or special damages resulting from the use or handling of this product. THE EXCLUSIVE REMEDY OF THE BUYER OR USER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER, FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THIS PRODUCT, OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

These Conditions of Sale and Limitation of Warranty and Liability shall be interpreted, unless otherwise required by the law of the state of purchase, in accordance with the laws of the State of California, excluding its conflicts of laws rules, and may not be amended by any oral or written agreement.
