

Multi-functional dry AMS based Drift & Deposition Management and Water Conditioning Adjuvant

**Principal Functioning Agents:**

A proprietary blend of diammonium sulfate, rheologic modifying polymer, sequestering and antifoaming agents .....100%

Components exempt from the requirement of a tolerance in 40 CFR 180

**GENERAL INFORMATION**

**STAYDOWN** is a multi-functional drift & deposition management and water-conditioning adjuvant. **STAYDOWN** contains milled ammonium sulfate, unique rheologic modifying polymer, sequestering and antifoaming agents. **STAYDOWN** improves pesticide performance by reducing antagonism caused by hard water minerals. **STAYDOWN** can reduce spray drift and improve deposition by reducing spray fines.

**STAYDOWN** is designed to be used with herbicides that call for the use of low AMS rates and in applications where drift, deposition and foaming are concerns for the applicator. **STAYDOWN** is pump-shear resistant, providing the same beneficial spray properties throughout the spraying process.

**WARNING!**

CAUSES EYE IRRITATION  
KEEP OUT OF REACH OF CHILDREN

**PRECAUTIONARY STATEMENTS**

Read label before use. **Wear protective eyewear.** May be harmful if swallowed or inhaled. Avoid contact with eyes, on skin or clothing. Avoid breathing dust, vapors or spray mist. Remove and wash contaminated clothing before reuse. Wash skin thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. See Safety Data Sheet for further details regarding safe use of this product.

**DIRECTIONS FOR USE**

Before mixing **STAYDOWN** a compatibility test is recommended. See the pesticide label for detailed instructions on compatibility testing. If all components of the solution are compatible, add the contents of the compatibility test to the spray tank and begin the mixing process.

For greater deposition enhancement, use the higher range of recommended use rate for this product. Screen size in nozzle or line strainers should be no finer than 50 mesh. Maintain good agitation at all times until the contents of the tank are sprayed. If mixture is allowed to settle, thorough agitation is required to re-suspend mixture before spraying is resumed. Do not exceed the recommended use rate for this product.

**USE RATES**

**Ground and Aerial Applications**

5 – 9 lbs. of **STAYDOWN** per 100 gallons of spray solution.

**MIXING INSTRUCTIONS**

**IMPORTANT** - Add **STAYDOWN** to the spray tank first before adding any other tank mix product, unless the tank mix pesticide(s) or additives direct otherwise.

**Mixing Order**

1. Fill tank 1/2 full of water and begin agitation.
2. Slowly add the required amount of **STAYDOWN** and allow the product to completely dissolve.
3. Continue filling spray tank with water and add the tank mix components as directed on the pesticide label(s).

**STORAGE & DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Keep product cool and dry in sealed original containers. If spill occurs, do not attempt to clean-up with water as area will become slippery. Simply sweep and dispose of material in accordance with all applicable regulations.

**FIRST AID**

**IF SWALLOWED:**

- Call a doctor or poison control center immediately.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**IF IN EYES:**

- Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- If irritation persists, call a poison control center or doctor for treatment advice.

**IF ON SKIN:**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 – 20 minutes.
- Call a poison control center or doctor for treatment advice.

**IF INHALED:**

- Move person to fresh air.
- If person is not breathing call 911 or an ambulance, then give artificial resuscitation.
- Call a poison control center or doctor for further treatment advice.

**CONDITIONS OF SALE AND LIMITATIONS OF WARRANTY AND LIABILITY**

**Acceptance of Terms** - By purchase or use of this product, buyer and user accept these conditions of sale and limitations of warranty and liability. If these terms are unacceptable, return the product unopened for a refund.

**Warranty Disclaimers** - Rosen's Inc. and seller (collectively "Vendors") warrant that this product conforms to the chemical description on the label. **THIS PRODUCT IS SOLD "AS IS" AND VENDORS MAKE NO OTHER WARRANTY, EXPRESS OR IMPLIED, AND SPECIFICALLY DISCLAIM THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT.**

**Inherent Risks** - The directions for use must be followed carefully. It is impossible to eliminate all risks associated with this product. Crop injury, ineffectiveness, or other unintended consequences may result due to factors beyond the control of Vendors. Buyer and user assume all risks associated with the use or handling of this product.

**Limitations of Liability** - To the extent consistent with applicable law, buyer or user's exclusive remedy for any and all claims, losses, injuries, or damages resulting from the use or handling of this product shall be limited to the purchase price paid, or at the election of Vendors, the replacement of this product. Vendors are not liable for any consequential, incidental, or special damages, including lost profits.
