TANK MIX COMPATABILITY

Stilo PSR is suitable for tank mixing with most liquid fertilizers, micro-nutrients, and commonly used agrochemicals. Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected.

GENERAL PRECAUTIONS

- Prior to applying Stilo PSR in a tank mix with other agrochemicals or fertilizers, it is recommended to test the mixture on a small area before applying to the entire crop
- When tank mixed with other agricultural products, follow all label directions.

DIRECTIONS FOR USE

Stilo PSR is compatible with most NPK fertilizers regardless of pH. Also, it is compatible with most fertilizers that contain major, secondary, and micro nutrients. A standard jar test is highly recommended before tank mixing to ensure compatibility.

CROP	APPLICATION INSTRUCTIONS	RATE/APPLICATION
ALL ROW CROPS	Mix with all foliar applied fertilizers, Post emergent herbicides, early and late season fungicide sprays, insecticides, PGRs.	Apply 5 fl oz/acre with each foliar application
ALL SPECIALTY CROPS	Mix with all foliar applied fertilizers, Post emergent herbicides, early and late season fungicide sprays, insecticides, PGRs.	Apply 5 - 7 fl oz/ acre with each nutrient application

STORAGE AND DISPOSAL

Store product in a cool, dry, area, out of reach of children and livestock. Keep away from food, drink and fodder. Avoid storage in extreme temperatures. Store Stilo PSR in its original container. Keep container closed. Do not contaminate water sources by cleaning of equipment or disposal of spray waste and rinse water. Triple rinse empty containers, puncture and discard in accordance with applicable local, state, and federal regulations.
