KEEP OUT OF REACH OF CHILDREN
CAUTION

NET CONTENTS: 1 POUND (454 g)

Loveland Products, Inc. • PO Box 1286 • Greeley, CO 80632

CAUTION: Harmful if swallowed, absorbed through skin, or inhaled. Avoid contact with skin, eyes or clothing. Wear chemical resistant gloves. **Personal Protective Equipment:** Wear chemical-resistant gloves, Long-sleeved shirt, long pants and socks.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If swallowed:** Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT CALL: 1-866-944-8565.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

GENERAL: *TANK & EQUIPMENT CLEANER* is an all purpose cleaner for flushing spray tanks, hoses, booms, filters, screens and nozzles when changing chemicals and prior to equipment storage. *TANK & EQUIPMENT CLEANER* will remove chemical deposits including rust, neutralize acid-based herbicides including 2,4-D, and leave a protective film if not rinsed before extended storage. *TANK & EQUIPMENT CLEANER* has been shown effective to solubilize and remove sulfonyleurea herbicides.

DIRECTIONS FOR USE: *TANK & EQUIPMENT CLEANER* should be used at the concentration equivalent of 1 pound per 100 US gallons (120 grams per 100 litres) of water for general cleaning and most pesticides. For pesticides demonstrating difficulty to clean (i.e. sulfonyleurea herbicides),

organic acids and acid-based fertilizers, use at the concentration equivalent of 2 pounds per 100 US gallons (240 grams per 100 litres) of water. Drain spray system. Fill spray tank with the desired amount of water, add the proper amount of *TANK & EQUIPMENT CLEANER*. Close valves to spray boom, open by-pass valve and agitate vigorously for 10 to 15 minutes. Spray all interior and exterior surfaces to remove residues with cleaning solution. Open spray boom to flush rinse solution out of tank through the boom. Refill with water and empty sprayer through boom nozzles. Do not rinse for extended storage. Nozzles and screens should be removed and cleaned with a fresh solution of *TANK & EQUIPMENT CLEANER* (2 teaspoons per US gallon of water/2.4 grams per litre). Spray rinsate on site approved for the pesticide being removed or by other procedures approved by appropriate authorities. *TANK & EQUIPMENT CLEANER* at recommended rate is not phytotoxic to plants. Sample of final rinse may be applied to a susceptible plant to verify thorough cleaning.

For Small Sprayers: Use 2 teaspoons *TANK & EQUIPMENT CLEANER* per US gallon (2.4 grams per litre) of water, agitate vigorously, rinse with water.

STORAGE AND DISPOSAL

STORAGE: Store in cool, dry place. Store in original container. Keep tightly closed. Do not reuse empty container.

DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Wastes may be disposed of on-site or at an approved waste disposal facility. Triple rinse (or equivalent) adding rinse water to spray tank. Offer container for recycling or dispose of container in sanitary landfill, or by other procedures approved by appropriate authorities. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit the ACRC web page at www.acrcycle.org.

For help with any spill, leak, fire or exposure involving this material, call day or night CHEMTREC 1-800-424-9300.
