GENERAL INFORMATION

TILL-IT® GOLD-ACTION™ is a liquid phosphate fertilizer designed as a starter or pop-up fertilizer. This product may be applied below, to the side or via irrigation to most crops depending on local conditions and established agricultural practices.

DIRECTIONS FOR USE

Before application, consider the total salt index, soil type, moisture level and rate of fertilizer application when using TILL-IT GOLD-ACTION.

POP-UP APPLICATIONS: Apply 1-5 gallons per planted acre on seed as established by local agricultural practices. This product may be diluted with water for ease of calibration if needed. When applied in the seed furrow on very dry soils, a post plant irrigation within 24 hours is recommended. Use caution when applying directly to the seed in very saline soils as there may be risk of seedling injury.

STARTER APPLICATIONS: Apply 5-20 gallons 2 inches below and to the side of the seed line. This product may be diluted with water or UAN in 2x2 applications for ease of calibration if needed.

TILL-IT GOLD-ACTION may also be applied as a surface spray band over the top or to the side of the seed prior to planting.

Bluegrass, canola, rape, mustard, and all other small seed crops should have this product placed no closer than 2 inches from the seed.

APPLICATIONS FOR LEGUMES (including Soybeans, Dry Beans, Peas, Lentils): Do not apply in-furrow. Apply 1-3 gallons 2 inches below and to the side of the seed line. Avoid direct, on-seed applications.

Consult your area Wilbur-Ellis representative for further recommendations.

COMPATIBILITY

The compatibility of TILL-IT GOLD-ACTION with other products may vary. Always jar test new combinations for compatibility prior to field mixing. Do not mix TILL-IT GOLD-ACTION with calcium fertilizers or low pH solutions.

EXPIRATION DATE: Use before date shown on container, as the microbial inoculant may begin to lose effectiveness.

KEEP OUT OF REACH OF CHILDREN

WARNING: Causes eye and skin irritation.

PRECAUTIONARY STATEMENTS: Wash thoroughly after handling. Wear protective gloves.

FIRST AID: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention. If on skin: Wash with plenty of water. Take off contaminated clothing and wash it before reuse. If skin irritation occurs, get medical attention.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment. Store in original container only and keep tightly sealed when not in use. Store away from incompatible materials. Dispose of contents/container in accordance with federal, state and local regulations.
