#### STORAGE AND DISPOSAL

Store in a safe manner. Store in original container only and keep tightly sealed when not in use. Store product and dispose of unused product and empty containers in accordance with federal, state and local regulations.

#### GENERAL INFORMATION

TILL-IT® TRIFECTA is a low salt index liquid phosphate fertilizer designed as a starter or pop-up fertilizer. TILL-IT TRIFECTA may be applied below, to the side or in the seed furrow of most crops depending on local conditions and established agricultural practices.

TILL-IT TRIFECTA contains fully chelated EDTA zinc as well as humic acid for enhanced micronutrient uptake.

#### DIRECTIONS FOR USE

Moisture conditions and planting strategy are important considerations when using TILL-IT TRIFECTA.

**POP-UP APPLICATIONS:** Apply 1-8 gallons per planted acre on seed as established by local agricultural practices. TILL-IT TRIFECTA may be diluted with water for ease of calibration if needed. When applied in the seed furrow on dry soils a post-plant irrigation within 24 hours is highly recommended. Direct application to the seed is discouraged in saline soils.

**STARTER APPLICATIONS:** Apply 2-10 gallons per acre as a band directly below the seed or 10-20 gallons below and to the side of the seed

line. TILL-IT TRIFECTA may also be applied as a surface spray band over the top or to the side of the seed prior to planting.

**FOLIAR APPLICATIONS: TILL-IT TRIFECTA** may also be used as foliar spray at 2-4 quarts for row and field crops and 2-8 quarts for tree crops. Apply in a minimum of 5 gallons of water for every 2 quarts of TILL-IT TRIFECTA.

**TILL-IT TRIFECTA should not be applied to other crops unless previous experience has proven safe and beneficial.**

#### COMPATIBILITY

TILL-IT TRIFECTA is not compatible with acid fertilizers. Compatibility with other products may vary. Do not mix TILL-IT TRIFECTA with calcium fertilizers. Always jar test new combinations for compatibility prior to field mixing.

**EXPIRATION DATE:** Two years from date of manufacture.
